Gallatin Gateway School 5th Grade Bronze Museum

This fall, each fifth grader has chosen a native Montana animal to study by developing a research report, designing a presentation, and creating a sculpture of the animal. This year, the class has integrated an exciting technology component to the exhibit!

These fascinating reports and displays will be presented to our community and school next week. We would like to invite you to attend our Bronze Museum on Tuesday, December 16th. At this event, the students will showcase their work, present their research, and discuss their projects with you from 1:00-2:30pm. We hope to see you there!
