Audience Participation

The Board recognizes the value of public comment on educational issues and the importance of involving members of the public in its meetings. The Board also recognizes the statutory and constitutional rights of the public to participate in governmental operations. To allow fair and orderly expression of public comments, the Board will permit public participation through oral or written comments during the “public comment” section of the Board agenda and prior to a final decision on a matter of significant interest to the public. The Chairperson may control such comment to ensure an orderly progression of the meeting.

Individuals wishing to be heard by the Chairperson shall first be recognized by the Chairperson. Individuals, after identifying themselves, will proceed to make comments as briefly as the subject permits. The Chairperson may interrupt or terminate an individual’s statement when appropriate, including when statements are out of order, too lengthy, personally directed, abusive, obscene, or irrelevant. The Board as a whole shall have the final decision in determining the appropriateness of all such rulings. It is important for all participants to remember that Board meetings are held in public but are not public meetings. Members of the public shall be recognized and allowed input during the meeting, at the discretion of the Chairperson.

RE: MSGIA Self-Insured Property and Liability Renewal

Dear Carrie and School Board Members,

I am pleased to present for you the MSGIA self-insured Property and Liability renewal effective July 1, 2021. Thank you for your continued support of MSGIA's School Leaders Insurance Pool. You are part of a growing movement of 197 elementary and high school district members with more interested school districts joining each year. The overall MSGIA membership expands beyond 410 elementary and high school districts.

MSGIA has been assisting school districts with self-insured coverage solutions since 1989, 32 years! The 2021-2022 school year marks the beginning of its 14<sup>th</sup> year for the property and liability program. This program is continually evolving, offering new enhancements in coverage and risk management tools for our members.

Our pool has partnered with strong reinsurance carriers that support our program with excellent AM Best ratings.

The program is endorsed by the Montana School Boards Association and supported by thousands of committed school district employees and school board members.

Our coverage package includes critical elements for all school districts in Montana such as, deadly weapons event coverage, cyber liability, and replacement cost coverage for certain classes of buses and other autos. We are pleased to partner with our members to address these risks and provide coverage that helps our members respond if an event occurs.

Gallatin Gateway School District #35 is an important member of the MSGIA self-insured property and liability program. You have a voice in the coverage design, board management, and service offerings, because your voice matters. MSGIA strives to provide members with broad coverage, high service levels, and stable premiums, all at a competitive price.

Beginning its 33rd year of providing self-insurance solutions for its members, MSGIA is poised to continue to insure a bright future for Montana Public School Districts!

# WHAT SETS US APART FROM THE REST?

Since 2009, the MSGIA property and liability pool has provided financial stability, superior member services, and the most comprehensive property and liability coverage for Montana's public schools. We protect our members from the unpredictable complications and the unknown obstacles that arise in the public school landscape.

Unlike a commercial carrier or a traditional company, our members have a voice in the strategic direction of the Pool since it operates as a member owned and governed organization.

## WHY MSGIA?

The MSGIA's purpose is to provide our members with risk management tools and coverage options to help ensure their school operations run smoothly. It works in partnership with its member districts to provide coverage tailored specifically to meet the needs and support the safety of Montana's public schools.

Valuable Services we offer in addition to our core coverages:

- Options for complete SafeSchools course content library for all school operational areas
- School Bus Driver training courses including CDL training and MAP-21 courses
- iPad based building hazard assessments
- Building property appraisals
- Playground safety inspections from on-staff Certified Playground Safety Inspectors
- In-district school board legal training with no additional costs for our members
- In-district coaches and sponsor's training
- Member dashboard performance tracking tools
- Mobile app for easy auto claim reporting

Our comprehensive programs provide peace-of-mind to members and seamless continuation of your district's daily functions to help you focus on what really matters – your students' education success!

# CYBER COVERAGE HIGHLIGHTS

The Pool has limits of **\$2,000,000** per member and provides 24/7 access to a dedicated breach response team.

Your cyber coverage package includes the following items listed below:

### **Network Security Assessment Services:**

The MSGIA worked with the Center for Internet Security in Washington DC to develop a network self-assessment tool aimed at dramatically lowering districts risk factors related to the most common cyber security exposures.

### **Cyber Event Incident Response Plan:**

Cyber experts know a timely response is critical in limiting the negative impacts of a cyber event on a school district. The MSGIA, in consultation with Beazley Cyber Insurance experts has built a comprehensive cyber event response plan to bring your school district quickly back on-line after an event.

### **PRIVACY NOTIFICATION COSTS**

Includes the resources to respond to a breach of personal information, like theft of electronic/hardcopy files, fraud-related incidents, and procedural errors, such as mistakenly posting personal information to a website.

Coverage includes

- Forensic information technology
- Public relations services
- Notification and services to affected individuals
- Call center services
- Legal review
- Credit monitoring

### **DATA COMPROMISE LIABILITY**

Provides coverage in the event of a lawsuit related to a breach of personal information.

Refer to policy language for a complete list of coverages, limits and sub-limits

### **DATA PROTECTION AND RECOVERY**

Responds to a computer attack that damages data and systems.

### **CYBER EXTORTION/RANSOMWARE**

Assists with responses to an extortion threat.

### **FRAUDULENT TRANSACTION/ SOCIAL ENGINEERING**

Coverage for an insured having transferred, paid, or delivered any money or securities as a result of a fraudulent instruction provided by a person purporting to be a vendor, client or authorized employee.

### **SYSTEMS FAILURE**

Provides business interruption coverage that results from an event that is not necessarily caused by a breach, such as an electrical failure or IT error.

# SCHOOL DEADLY WEAPONS EVENT COVERAGE

MSGIA and Ellis & Associates partnership offers “presidential-level protection” for members.

As school shootings and violence continue to dominate headlines and new stories, school safety continues to be on the mind for all administrators. In 2019, MSGIA partnered with Ellis & Associates – a nationally recognized expert in school violence prevention, planning, and training – to enhance and expand our School Deadly Weapons Events coverage.

Although most schools have safety and security policies and procedure in place, the vast majority are under-prepared for a real emergency. Led by a team of former Secret Service agents and law enforcement leaders with decades of experience, Ellis & Associates develops comprehensive, prevention-focused safety and security programs for schools.

Members of MSGIA Platinum Risk Management WC option have access to Ellis & Associates pre-crisis security training and industry leading post-crisis response services and receive discounted rates on most of their offerings. Services include:

- Social media monitoring
- On-site and remote consultation support
- Crisis management leadership support
- Crisis communication support, message development and media training
- Coordination with MSGIA legal counsel and claims team
- Physical security vulnerability assessment services
- Event and post-incident management, as needed (press conference, security, re-openings, memorials, etc.)

In Fall 2019, Ellis & Associates provided, through MTSBA, keynote presentation on those topics at their annual Innovation Symposium in Helena.

# SAFESCHOOLS EMPLOYEE TRAINING

Your membership gives you access to SafeSchools, the nation's leading provider of school-specific, online training programs, at no extra cost to your district. We've worked with SafeSchools to offer a comprehensive curriculum addressing areas of high risk for your students and employees.

## RECOMMENDED PROPERTY/CASUALTY POOL RELATED COURSES

- Sexual Harassment: Staff to Staff
- Title VI Overview
- Title IX Compliance Overview

The following list is a sampling of courses designed to help you create a safer environment for your students, staff, and visitors and reduce the cost of claims. For a complete list of classes, log into your district's SafeSchools account online:

- Asbestos Awareness
- Back Injury and Lifting
- Bloodborne Pathogens Exposure Prevention
- Classroom Safety
- Common School Employee Injuries
- Conflict Management
- First Aid
- Medication Administration: Epinephrine Auto Injectors
- Personal Protective Equipment
- School Intruders
- Slips, Trips and Falls
- Transportation Safety

### Suicide Prevention and Awareness:

In the 2017 Legislative Session, HB 381 was signed into law by Governor Steve Bullock. This legislation requires school districts to take significant steps to address suicide prevention and response.

We offer three courses on the topic to help schools comply with this legislative directive.

- Youth Suicide Awareness & Prevention Full Course – 39 min.
- Jason Flatt Act Youth Suicide Awareness Prevention – 2 hr.
- Jason Flatt Act – Raise School Community's Awareness – 60 min.

### DID YOU KNOW...

You can access over 350 continuing education courses online by using SafeSchools courses provided by MSGIA. Visit <http://msgia/safety-resources/training> and select your school for all courses.

Districts can upload your District Employee Handbook/Policy Book to ensure all employees have read, understand and acknowledge your policy!

# TRENDS TO WATCH

## NATIONAL PERSPECTIVE

- Hurricanes, wildfires, floods, and hailstorms continue to impact insurance carriers across the country.
- National attention drawn to workplace sexual assault and discrimination.
- Governmental entities continue to face community mistrust in the age of social media.
- Workplace and school violence create new challenges for entities to address.
- Cyber-attacks on school districts are on the rise.
- COVID-19: Disruptions for school Operations.

## MONTANA PERSPECTIVE

- Micro storms intensity levels are increasing. Hail and high wind claim frequency statewide.
- As a result of high-profile cases, the Statute of Limitations for Criminal Sexual Conduct increased from age 21 to 27 in 2019. This change creates potential exposures for future sexual assault allegations to arise.
- Aging school facilities are creating property claim risks and liability for many school districts.
- Third-party contractors are omitting or including language in their contracts that leave districts at risk.

# HOT TOPICS

## TITLE IX

Title IX protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. With Title IX issues spotlighted in the news recently, it is important that districts understand the requirements and follow guidelines to make sure their schools are protected.

## TRAIN

- District staff must understand Title IX obligations to ensure an education free of sexual misconduct, discrimination or harassment is provided to students.
- Provide comprehensive training to all employees and students.
- Train employees annually on how to identify, stop, and prevent sexual harassment, including sexual violence.
  - Any training should include the district's anti-discrimination policy and grievance procedures, how to file a complaint, and resources available to victims.

## REPORT

- Report ALL reported or suspected sexual misconduct to the proper authorities.
- School personnel are mandatory reporters; failure to do so is punishable by law.

## INVESTIGATE

- Districts have obligation to conduct a Title IX investigation, regardless of another authority conducting a separate investigation on any subsequent claim of sexual misconduct, retaliation, discrimination, or harassment.

## SCHOOL CYBER ATTACKS

Ransomware attacks targeting school districts are on the rise due to the records and sensitive data you may store on your servers. Here are some things you can do to help prevent your district from becoming the next target.

- Deploy and maintain a well configured and centrally managed anti-virus solution: A robust anti-virus solution is a basic component of any security program.
- Email tagging: Tag emails from external senders to alert employees of emails that originate outside your school.
- Office 365 add-ons and configuration: Enable two-factor authentication and use Office 365 Advanced Threat Protection.
- Patching: Rapidly patch critical vulnerabilities across endpoints and servers.
- Back-up key systems and databases: Ensure regular back-ups which are verified and stored safely online. Please check backups regularly!
- Educate your users: Most attacks rely on users making mistakes, train your users to identify phishing emails with malicious links or attachments.

## BOOSTERS, CLUBS, AND MORE...

The district's insurance coverage extends to the following list as they act within their scope of duties related to school business:

- Volunteers
- District-directed community organizations (PTOs, Boosters, etc.)
- Student clubs sponsored and supervised by the district

# FILING A PROPERTY AND LIABILITY CLAIM

Property and liability claim losses occurring for a MSGIA pool member should be reported as soon as an occurrence is known, or a claim is anticipated by the member. Early reporting will allow our staff adequate time to perform a thorough and complete claim investigation.

## **How To Report A Claim Online**

- ✚ Report your claim online by going to [www.msgia.org](http://www.msgia.org) and clicking on “Report a Claim” at the top of the page. Select “Property and Liability”
- ✚ Click on the type of claim to access the correct form:
  - Auto Loss
  - Liability loss (school board legal claims or general liability claims)
  - Property Loss
  - Multiple (an example might be a bleacher collapse – this could have a general liability claim and a property claim included in the same event).
- ✚ Complete as much information as you can on the form, choosing for drop down boxes or lookup boxes.
- ✚ Once complete, click “Complete Incident”.
- ✚ The next screen that comes up gives you the ability to attach any supporting documents or photo. Click “Upload File” on the right side of the screen and choose the file(s) you wish to attach and “Save”
- ✚ Once you have completed the uploads, click “I’m Done” and everything is submitted to MSGIA.

You are done!

## **How To Report An Auto or Property Claim via Origami Risk Mobile App**

- ✚ Download the free mobile app, Origami Risk Mobile
- ✚ Choose MSGIA as the Account Name
- ✚ Use 0 and the district 5-digit member number as the password
- ✚ Choose either Auto or Property form and complete as much information as possible
- ✚ You will have the ability to attach photos as well
- ✚ Submit the form

For in person phone support in completing your on-line claim, you can contact MSGIA staff by calling our toll-free line at 1.877.667.7392 and they will help walk you through the reporting process.

# SCHOOL UNDERGROUND FUEL STORAGE TANK COVERAGE

## ABOVE GROUND AND BELOW GROUND STORAGE TANK COVERAGE THROUGH ACE STORAGE TANK LIABILITY INSURANCE POLICY

MSGIA offers access to an affordable option for storage tank liability insurance. The program is available to members of the MSGIA property and liability pool.

State of Montana requires school districts having fuel storage tanks to demonstrate their financial responsibility for potential clean-up, or third-party liability, that results due to petroleum releases from underground storage tank systems on school property. The state guidance is found in Title 17, Chapter 17, Administrative Rules of Montana. This coverage program offers schools an affordable way to meet this requirement through a trusted partner of the MSGIA's property and liability pool, ACE Insurance Company.

The application can be completed on-line by following the link below:  
<http://msgia.org/propertyliability/storage-tank-coverage>

Once the application has been completed, please print and sign the application. You may mail, fax, or scan and email the completed, signed application to Sandra Omari with Alliant Insurance Services. The underwriting process for a new application is normally completed within one week of submission.

It is the hope of MSGIA that this process will meet our members' needs and provide a low cost and simple option to meet the State of Montana's fuel storage insurance requirements.

You may mail, fax, or email applications to:

# SCHOOL SPECIAL EVENTS COVERAGE

## MSGIA SCHOOL LEADERS' PROPERTY AND LIABILITY SELF INSURANCE POOL SCHOOL DISTRICT SPECIAL EVENTS COVERAGE

MSGIA knows that school districts are often asked by outside groups to use their facilities for a non-school event. An important part of this process is ensuring the group(s) understands your district's facility use rules and provides proof of liability insurance. MSGIA has worked to make this process easier for your community guests by establishing a special events insurance program through Alliant Specialty Insurance Group. Because of this relationship to our self-insured program, we have been able to secure very competitive rates for the special events coverage. The application for liability coverage for the event is just a single page and the rating process is simple and affordable for your community guests. School districts can work directly through their independent insurance agent to place this coverage as long as the district is a member of the MSGIA's School Leaders Property and Liability Pool.

An example of activities that could take advantage of the MSGIA special events program would be:

- 1) Regional sporting events hosted at the school gymnasium when a large number of guests will be traveling in and out of the school district facilities: Purchasing a special events policy to transfer liability risk to another policy is a good risk management approach for the district.
- 2) A non-profit charity requests to rent the gym for a weekend fundraising event.
- 3) A family wishes to use the kitchen, gym, and fields for a large family reunion for two days in the summer.

As stated, the premiums are low, application is simple, and the benefits are many.

Not all outside uses of the school district facilities would need the additional protection that is brought by a special events policy. Many activities, such as the ones noted below can be covered under the school district's base policy, with the use of appropriately worded and signed waiver of liability forms. Some examples of these activities would be:

- 1) Open gym night for the community.
- 2) Use of meeting space within the school for groups such as FFA, boy and girl scouts, or adult education classes.
- 3) Use of the school auditorium for a local community lecture or presentation by a community group.

If you have questions about obtaining special events coverage for your school district, please contact MSGIA for information about this program.

FORMS

### Reporting an Auto Claim using MSGIA Mobile App through Origami Risk Mobile Forms

FORMS

1. **Before you go on a trip** - school district drivers should go to either the Apple App store for IOS phones or the Google Play store for Android operating system phones. Search for "Origami Risk, LLC" then download the "Origami Mobile Forms" App.
2. **If you are in accident**– take photos and document the damages to the district vehicle and the other vehicle on your phone or iPad. You do not need the app open at this point.
3. **Click on the app** - At the "How would you like to log in" screen,
  - Click on – "I have a 6-digit code"
  - Enter: 014050
  - Click: "sign in"
  - Click on the "+" sign in the upper right hand corner and it shows you the "Auto Loss Notice" and the "Property Loss Notice" – click on "Auto Loss Notice".
4. **Complete the form as thoroughly as possible by section**- Member Information, Member Contact, Accident Details (description of what happened), Accident Location, Member Driver Information, Vehicle Look Up (click blue button and select the district vehicle/bus from the listing of vehicles), then complete as much remaining information as possible.
5. **Once you complete the loss notice** – click on the camera at the bottom. Here you can either take a new photo of the damage or select a photo on your device to include with the loss notice. Then, select "Done" on the upper right of the screen. Select "Done" again.
6. **Next you can-**
  - Submit the form**-automatically sends the loss notice to MSGIA when you have cell coverage and claim is reported. You're Done!
  - Save as Complete** – saves the form for later submission, perhaps when you are in cell coverage.
  - Save as Draft** – allows you to save what you have done and allows you return to the app later to complete and send to MSGIA.
  - Discard the form** – deletes the form and you can start over.

*MSGIA will not have the accident information until you SUBMIT the form!*

Owner's Representative – Upcoming School Building Projects

## Project Background:

In November 2019 the Gallatin Gateway School Board began the process of moving forward with a facility project. In March 2020, the Board hired the design-build team of Cushing Terrell/Martel to assist with the project. The Design-Build team along with our building committee held several meetings to develop a concept for the project. In May 2021, the District held a bond election with following bond language:

*Shall the Board of Trustees of School District No35 (Gallatin Gateway), Gallatin County, Montana (the "District"), be authorized to sell and issue general obligation bonds of the District in one or more series in the aggregate principal amount of up to Seven Million and No/ 100 Dollars (\$7,000,000.00), bearing interest at rates to be determined at the time of the sale, payable semiannually, during a term as to each series of bonds of not more than twenty (20) years, for the purpose of paying the costs of designing, constructing, remodeling, renovating, equipping, and furnishing improvements to the Gallatin Gateway school facilities consisting of the original 1915 school building and all adjacent buildings to accommodate growth and address safety concerns, to include renovating the school facilities to provide a new secure school entrance, additional and improved teaching and administration spaces, access improvements consistent with the Americans with Disabilities Act, and library upgrades; adding a new kitchen, teacher support space, and gymnasium and cafeteria seating; replacing aging systems and infrastructure, including upgrading mechanical, electrical, plumbing, fire alarm, and security systems; installing a fire suppression system; and making various site improvements; related improvements and costs; and paying costs associated with the sale and issuance of the bonds?*

On May 4, 2021, the bond failed 291 to 360.

The Gallatin Gateway School District ("District") would like to engage the services of an individual to manage all aspects of the pre-construction phases including design and planning on their behalf up to the running of a Bond with an anticipated election in May 2022. The District is seeking assistance with pre-construction services at this time and a separate agreement would be made contingent on a bond passing for the construction services outlined in the scope of the project.

Information regarding the May 2021 election can be found on the district website:

<https://www.gallatingatewayschool.com/About-Us/School-Board-of-Trustees/School-Bond-Election/index.html>

Information regarding the facility can be found on the district website:

<https://www.gallatingatewayschool.com/About-Us/School-Board-of-Trustees/Facility-Project/index.html>

## **Project Team**

The Project Team will be developed in two main groups:

- 1) **Owner**: The Gallatin Gateway School District, represented by the Board of Trustees, Administration and Building Committee. Assisted by the Owner's Representative.
  
- 2) **Design-Build Team**: Cushing Terrel/Martel. The Owner's Representative will assist in negotiating the amendment of the contract with Cushing Terrel based on the needs of the District for pre-bond services.

The preferred individual should possess the following:

- A minimum of at least 10 years of combined experience in land use project management with public relations experience for school projects with costs in excess of \$5,000,000 being weighted very heavily in the selection process.
- Additional or equivalent Construction Management for high-value projects experience a plus.
- Demonstrated ability to successfully represent a District's interests in all phases of the pre-construction process, including but not limited to, project design, community relations, project management, construction planning, and acceptance by all parties.
- A working knowledge of construction processes, building systems, codes, and regulatory requirements, including jurisdictional and environmental compliance.
- Experience with AIA construction and architectural contracts, their modifications, and the working relationships between them.
- Ability to develop creative and cost-effective solutions to project obstacles, including community opposition.
- Experience working with a publicly funded board, including making public presentations to and for the community and the Board.
- Ability to mitigate adversity, create opportunities, pitch stories, maintain a positive image, cultivate strong media connections and build strategy for the successful passage of a bond initiative.
- Ability to maintain rapport and bridge communication chasms by cultivating and nurturing personal relationships within the community.
- Experience taking projects from the planning phase into the construction phase post-bond. An ability to promote an effective working environment among all parties involved in the project.
- Strong verbal and written communication skills.

Duties shall include, but are not limited to:

- Develop and present for review and approval all possible bond election strategies/concepts.
- Develop and implement a Project Plan, Tracking mechanisms and Reporting Tools that will be utilized for the duration of the project.
- Review and provide a written assessment of the Owner's project information, including the preliminary assessment and engineering report created by others.
- On behalf of the School District, build a working relationship with parents, land owners, and other community members, preparing and presenting proposals and other written materials, and acquiring their support for the passage of a Bond Initiative.

- Coordinate, facilitate, and lead District-sponsored community meetings, building tours, and other community engagement strategies.
- Responsible for all agendas, minutes, tracking and reporting from applicable meetings of any kind.
- Actively seek out, attend, and participate in local meetings and events where District representation would be beneficial to the project.
- Coordinate any further facility assessments deemed necessary for project scope.
- Review and provide a written assessment of the Owner’s project budget and needs analysis. Develop, monitor, and report on the overall pre-construction and bond election schedule.
- Function as communication liaison between all parties. Provide written record of all substantive project communications and actions.
- Contract award recipient will be expected to attend monthly School Board Trustee meetings for the purpose of reporting project progress to the Board.
- Provide project closeout package and coordination.
- Generally, protect the Owner’s interests during the course of the pre-construction process.
- Both parties may agree upon other duties.

**Owner’s Representative Selection Process**

Proposed Process: Owner’s Representative candidates will be assessed by a committee designated by the Owner on the following objective / subjective scale. The three candidates with the highest numeric scores will be “shortlisted” and invited to interview before the selection committee. Unsuccessful candidates will be notified immediately after the selection process is completed. After interviews numeric scores will rank the three candidates, and the Owner will begin contract negotiations with the preferred candidate (highest score). If negotiations are successful the other candidates will be informed immediately. If the negotiations with the preferred candidate are unsuccessful negotiations will be formally terminated by the Owner and started anew with the second ranked finalist, and thus until a suitable agreement can be reached. Candidate scores will be made public after the selection process has concluded.

Alternate Process: Depending on the number and quality of submittals received, the Owner may choose to make the selection of the preferred Owner’s Representative candidate based on the submittal information alone, and may decline to conduct the interview stage of the selection process. In this case the selection scoring will be made public as soon as the selection is made.

Candidate assessment scoring (for preliminary RFQ round)

<b>Criteria</b>	<b>Points</b>

<b>Total possible points</b>	<b>100</b>

**Selection Schedule (dates are approximate and have not been finalized)**

- RFQ available- July 1, 2021
- RFQ Submittal deadline- August 2, 2021 at 3pm
- Preferred Candidates shortlisted- August 12, 2021 (if this step is taken)
- Shortlisted candidate interviews- August 16, 2021 (if this step is taken)
- Selection finalized- August 18, 2021

**Selection Process Compensation**

No compensation is offered for the Owner’s Representative selection process.

**Owner’s Representative Compensation**

Compensation for the successful candidate will be negotiated on a fair basis in conformance with normal industry standards. The candidate’s proposed method of compensation will also be factored into the final fee negotiations, as well as utilized in the selection process.

**Submittal Requirements**

Candidates are asked to submit, at a minimum, the following information:

- Cover letter / statement of interest
- Description of the individual or firm’s relevant experience with similar projects
- References / letters of recommendation from previous relevant experience with similar projects
- Description of staff who are proposed to be involved with this project, and their experience with similar projects

Owner’s Representative candidates are asked to submit one original copy and one electronic copy (PDF-USB or via email) of their Request for Qualifications submittal packet. Submittals are to be mailed, emailed, and/or hand delivered to:

Gallatin Gateway School  
Carrie Fisher, District Clerk  
PO Box 265, 100 Mill Street

Gallatin Gateway, MT 59730  
fisher@gallatingatewayschool.com

Clearly mark the outside of your submittal as “Response to Request for Qualifications: Owner’s Representative.”

**Further project information / contact with Owner**

Candidates wishing to obtain further project information, tour the facilities, or otherwise enhance their understanding of the project may do so by contacting:

Carrie Fisher, District Clerk  
[fisher@gallatingatewayschool.com](mailto:fisher@gallatingatewayschool.com)  
406-763-4415 ext. 36

Please keep your contacts to the minimum necessary to gain adequate information to prepare your submission. In addition to the staff, more information about the facility, the recent bond election, and proposed facility project/concept can be found on the District’s website: [www.gallatingatewayschool.com](http://www.gallatingatewayschool.com).

**Public Nature of Submittals**

Because they are submitted to a public entity, all RFQ submittals are public documents and may be viewed at the District Offices by anyone with an interest and will be included in Board packets published on the District website..

**Disclaimer:** This RFQ does not form or constitute a contractual document. Gallatin Gateway School District shall not be liable for any loss, expense, damage or claim arising out of the advice given or not given or statements made or omitted to be made in connection with this RFQ. The District also will not be responsible for any expenses which may be incurred in the preparation of this RFQ or for other costs, including attorney fees associated with any challenges (administrative, judicial, or otherwise) to the determination of the highest-ranked Proposer and/or award of contract and/or rejection of a proposal. By submitting a proposal each Proposer agrees to be bound in this respect and waives all claims to such costs and fees. This RFQ is not to be construed as a contract or commitment of any kind. The District reserves the right to accept or reject any and all responses received as a result of this RFQ if it is in the District’s best interest to do so. All proposals are subject to Montana open records laws and will be reviewed by Board of Trustees in accordance with Montana open meeting laws.

## Plan for Safe Return to In-Person Instruction and Continuity of Services

---

**Date of Adoption: To Be Determined**

**Revision Dates: To Be Determined**

---

### **SAFETY MEASURES**

The District is taking the following measures to safely provide in-person instruction, including consideration of guidance by the CDC and state and local health officials as follows:

#### **Universal and correct wearing of masks**

- All individuals are recommended to follow the CDC guidelines for the universal and correct wearing of face shields or masks in the building and on the buses
- GGS will supply every student and make available to all visitors a washable cloth or disposable face mask.

#### **Physical Distancing**

- Individuals will maintain a three-foot distance, described as their “Social Bubble,” in the classrooms, cafeteria, buses and other indoor spaces. In instances where a three-foot distance is not manageable, the close proximity of individuals will occur in time periods of less than 15 minutes.
- Clear Desk Carrels are provided for each student when needed for a physical barrier
- Floor markers and assigned seats in classrooms, on buses, and in the cafeteria will assist with helping students maintain three-foot distancing and providing contact tracing information.
- No more than two students at any one time will be allowed in any of the public restrooms.
- We encourage instruction to be held outdoors, and learning spaces and portable desks are available.

#### **Handwashing and Respiratory Etiquette**

- All individuals will wash or sanitize their hands when entering or leaving the building, after recess, and prior to breakfast and lunch
- The district provides hand sanitizer in every instructional area, at the front entrance, in the cafeteria, and in the gymnasium
- Students and Staff will receive direct instruction regarding proper coughing/sneezing etiquette as recommended by the CDC, and visual aids will be posted in public areas.

### **Cleaning and Maintaining Healthy Facilities (including improving ventilation)**

- Buses will be sanitized after each route.
- Touchless systems are provided in the Library, in restrooms, and cafeteria.
- Individuals use personal water bottles – no water fountains remain in the school
- Nightly sanitizing of all classroom desks, tables, chair uppers, door knobs, classroom sinks, fixtures, and light switches occurs
- Classroom computer monitors and keyboards sanitized by students after each use and 2 times per week by Custodial Services.
- Nightly sanitizing of all windows, benches, doors, handles and frames occurs
- Weekly sanitizing of exterior of lockers occurs
- We encourage open windows to facilitate the flow of fresh air, fans are available in every classroom, and air scrubbers are installed in every instructional space.

### **Contact Tracing**

- All Contact Tracing follows the guidelines of the Gallatin City/County Health Department.

### **Diagnostic and Screening Testing**

- COVID-19 Testing is available from the School Nurse for students, staff, parents, or non-school age siblings of students and staff.
- Any individual with COVID-19 symptoms should stay at home.
- Parents are asked to take their child/children's temperatures prior to boarding the bus or bringing them to school.
- Students/Staff who indicate a fever (>99), after they have come to school, will be sent home immediately. Students waiting on parent pick-up will be isolated in a designated waiting area.
- Students/Staff should be fever free for 24 hours with improving symptoms of any illness prior to returning to school.
- Students/Staff who have a fever of 100.4 or higher **AND** at least two other COVID-19 Symptoms will be isolated in a designated waiting area and sent home.
  - Students/Staff with a positive COVID-19 test result **or** if COVID-19 cannot be ruled out with a negative test will be asked to stay home in quarantine, until it is safe to be around others, which is after 24 hours with no fever, respiratory symptoms have improved, **AND** 10 days since symptoms first appeared/positive test result.

### **Vaccinations**

The District will act in accordance with state and federal law with respect to vaccinations for its staff and eligible students.

The District will not refuse, withhold from, or deny a person any services, goods, facilities, advantages, privileges, licensing, educational opportunities, health care access, or employment opportunities based on the person's vaccination status.

## **Accommodating Students with Disabilities**

The District will provide accommodations to its policies for students with disabilities as determined appropriate based upon the individual student needs and in accordance with a individual accommodation plan or individualized education plan. Students requiring accommodations should contact the Superintendent to request information on plans for students with disabilities.

---

## **CONTINUITY OF SERVICES**

The District will provide for continuity of services as follows:

### **Student Academic Needs**

- Students are provided with a 30-minute intervention/acceleration time, called Growing Gators, for targeted instruction based on individual student needs.
  - Targeted instruction may be teacher-driven, electronic, or provided by an instructional paraprofessional
  - Targeted instruction will accommodate English Language Learners, Gifted and Talented Learners, Special Education Learners, and 504 Learners
- After-school programming called “Later Gators” is provided for students who need additional assistance or enrichment. Programming for Later Gators is dedicated to a STEAM curriculum.
- Students are provided an individual Chromebook for use during the school year both in the classroom and if the student is quarantined or medically home bound due to COVID-19
- Google Classroom is used for student instruction and teacher planning for ease of transition if a student is quarantined or medically home bound due to COVID-19

### **Student Social, Emotional, and Mental Health Needs**

- The Montana Mindfulness Project is being explored by the District Whole Child Committee
- The School Counselor has dedicated Montana Behavior Initiative and Social Emotional Learning time with each grade level throughout each month
- The School Counselor has dedicated time for individual and small group counseling each day.
- The District has committed to a partnership through the Gallatin Madison Special Education Cooperative to provide 8-10 hours of professional counseling on-site weekly.

### **Other Student Needs** (which may include student health and food services)

- The District has committed to having a nurse present, on campus, at least two-times weekly
- GGS will continue to participate in the Seamless Summer Option of the Federal School Breakfast and lunch program which provides free breakfast and lunch for all students
  - Breakfast will continue to be served in the classroom

### **Staff Social, Emotional, and Mental Health Needs**

- All but one of the Teacher Health Care Plans provide for counseling services (first 3 visits free)
- The district provides flex funding for all employees which can be used for social, emotional and mental health needs.

- The School Counselor provides services to staff when needed

### **Other Staff Needs**

Any other staff needs will be addressed either through collaboration or through a memorandum of understanding.

## **PUBLIC INPUT**

This plan will be placed on the District Website with a Google Form to allow for public input no later than June 24, 2021. There will be a discussion item and opportunity for public input at the June 30 Regular Meeting of the Gallatin Gateway Board of Trustees. The Superintendent will hold a public meeting on August 16, 2021 for final public input prior to submission to OPI on August 24, 2021.

The District will review this Plan at least once every six months and will provide an opportunity for public input in association with any review of the Plan.

# Agenda Item: Consider Classified Staff Contract Renewals 2021-2022

**Recommended Motion:**

to approve the 2021-2022 classified contract renewals, salaries, and benefits as presented.

The following recommendation reflects a 2.5% increase for all returning classified employees.

Same hourly wage recommended for Adult Ed coordinator, but increase starting wage for bus driver to \$16.00/hour to help with recruitment.

**Rationale:** Maintain competitive wages with other area school districts and provide our classified staff with the same % increase that the certified staff received on base salary.

**Recommendation to renew the following classified contracts for 2021-2022 with the following salaries and benefits and set wages for open positions:**

Name:	Position	20-21 Hourly Wage/Salary	21-22 Wage/Salary	Anticipated Schedule	Flex /Insurance Benefits

# Hire Recommendation: Counselor

---

**Recommended Motion:** I move to hire Marissa (Horst) Schultz as a Counselor/Teacher for the 2021-2022 School Year

## **Teacher Hire Recommendation**

To hire a 1.0 FTE counselor/teacher for the 2021-2022 academic year who will be placed at the appropriate place in the negotiated salary matrix based on education and years of experience (not to exceed five (5) years experience).

## **Recommendation:**

Marissa (Horst) Schultz as Counselor/Teacher

## **Rationale:**

Interviews were conducted May 24, 2021 before a hiring committee composed of: Theresa Keel, Mike Coon, Rochelle Dierenfeldt, Jackie Yager, Neal Krogstad, and Madison Downs.

Marissa (Missy) will be receiving her Master of Arts in K-12 School Counseling in December of 2021. She is currently eligible for a provisional counseling license. She has three years of teaching experience in primary grades, was a special education paraprofessional, specifically for behavior accommodations, was a preschool teacher and long-term substitute. She was unanimously recommended by the committee!

# Recommendation for New Student Information System

---

## **Recommended Motion:**

To approve the purchase and yearly subscription of the Student Information System Infinite Campus

## **Rationale:**

Currently, Gallatin Gateway School uses two Student Information Systems, PowerSchool (Grading, Student Information, Attendance, etc) and Infinite Campus (SpecEducation, Behavior, State Reporting). PowerSchool was purchased prior to the State of Montana requiring the use of Infinite Campus for Special Education Records and Compliance Reporting. We currently have to translate information from PowerSchool into a format that is usable by Infinite Campus in order to do our State Reporting.

By changing to Infinite Campus, we will have all of our Student Information in one system, it has the same functionality in regards to Teacher use (grades), Parents (online registration), and Food Service Support. In addition, the State of Montana pays for part of the cost of Infinite Campus, as all Special Education records and State reporting occurs through Infinite Campus.

The annual cost for Infinite Campus (including the addition of Food Service Licensing and Support) is \$2844. Our annual cost for PowerSchool is \$5275, and does not include Food Service Licensing and Support.

Implementation and “roll over” from PowerSchool to Infinite Campus will be an additional cost of \$14,300. That implementation would occur this summer (July and August). The goal is to have student registration in the new system prior to the start of school.

CONTRACT RENEWAL

## Gallatin Gateway School

Theresa,

We are very thankful for your business! It is our goal to provide the highest level of consistent quality service and to be responsive to any needs you may have. After evaluating our hours and labor rate over the previous year, we have determined we can reduce the number of hours required to effectively clean the school, but we need to increase wages for our cleaners in order to attract and retain people who are able to deliver a high level of service.

We are proposing to renew the existing contract with the following changes:

- Increase price by \$228.00 per month, which would bring the new monthly price to \$5,824.00
- Maintain the \$280 per month equipment fee
- Replace the existing schedule of custodial services with the schedule attached below (Custodial Services 2021-2022)

Please don't hesitate to contact me if you have any questions or concerns.

Respectfully,  
Joshua Richards

			<u>\$56,782.72</u>

Due to the feedback from a previous audit all membership renewal fees and annual fees should be paid in the fiscal year in which they are for-- they should not be pre-paid. Since the following renewals need to be paid at the very beginning of the upcoming new fiscal year the District Clerk is requesting that the Board pre-authorize these expenditures and allow warrants to be issued and sent to the following vendors in July. This approval will help the Board avoid having a special meeting to approve these expenditures. A warrant register will be available to the Board for approval at the next regular or special meeting.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)  
*For Fiscal Year Ending June 30, 2020*

**Introduction**

This section of the Gallatin Gateway School District Financial Statements presents the management's discussion and analysis of the financial performance during the fiscal year ending June 30, 2020. This narrative overview and analysis of the financial activities of the Gallatin Gateway District includes a comparison of prior year financial statements as per compliance with Governmental Accounting Standards Board Statement #34. Readers of the management's discussion and analysis are encouraged to consider the information presented in this section as well as other areas of the financial statements.

**Financial and Other Highlights**

- The Gallatin Gateway School District assets exceeded liabilities in FY (fiscal year) 2020 by \$569,511
- The district net position decreased \$19,004 at the close of FY 2020 mostly due to more expenses than revenue.
- Total revenues for the district were up 11% or \$209,205 to \$2,135,206 in FY 2020 mostly due to increases in grants/entitlement revenue (\$43,431), district levies (\$38,237), operating grants (\$32,430), state contributions to retirement (\$59,398), and county revenue (\$58,448).
- The district received 40% (was 41.9% in FY 2019) of district revenue from district levies in FY 2020 while grants/entitlements revenue was 34.3% (was 35.8% in FY 2019) of district revenue.
- Total expenses for the district were up 12.1% or \$232,199 largely due to increases in instruction (\$162,825) and operation/maintenance (\$86,484).
- The district had a \$19,004 more in expenses than revenue in FY 2020.
- At the end of FY 2020, the Gallatin Gateway School District had bonded debt outstanding of \$120,000 for capital assets.
- The net investment in capital assets of the district increased 10.9% in FY 2020 mostly due to a long-term capital debt payment of \$110,000 and added capital assets of \$80,811 and depreciation of \$56,048.
- The population of Gallatin County has increased 27.8% or 24,919 people since 2010 compared to Montana at 8%.
- The district has experienced an increase in enrollment over the past five years, increasing 24 students or 16.1%.
- District expenses for instruction account for 53.3% of the total expenses.
- The overall financial condition of the Gallatin Gateway School District is good and remained nearly the same in FY 2020 with a 1.7% decrease in net position.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)  
*For Fiscal Year Ending June 30, 2020*

***Overview of the Gallatin Gateway District Financial Statements***

The management's discussion and analysis report is intended to serve as an introduction to the basic financial statements of the Gallatin Gateway K-8 School District. The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. It also, contains other supplementary information in addition to the basic financial statements.

**Government-wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the Gallatin Gateway District finances in a manner similar to a private-sector business. This broad overview is accomplished using a *statement of net position* and a *statement of activities*. Each statement distinguishes between governmental and business type activities and between the total governmental and business type activities of the school district.

The *statement of net position* presents information on all of the assets and liabilities of the Gallatin Gateway District, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Gallatin Gateway District is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Gallatin Gateway District principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Most services normally associated with school government fall into the governmental activity category including instruction, support services, general, school and business administrative services, operation and maintenance, student transportation, community services, and other expenditures. The Gallatin Gateway District does not operate any business-type activities.

**Fund-based Financial Statements**

Fund-based financial statements, consisting of a series of statements, provide information about government's major and non-major governmental funds. These governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The governmental fund statements consist of the balance sheet and statement of revenues, expenditures, and change in fund balance.

A *fund* is a group of related accounts used to maintain control over resources segregated for specific activities or objectives. The Gallatin Gateway District, like other state and local governments, use fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Gallatin Gateway District can be divided into three categories: governmental, proprietary, and fiduciary funds.

**Gallatin Gateway Public School District**  
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)  
*For Fiscal Year Ending June 30, 2020*

**Governmental funds**

*Governmental funds* are used to account for essentially the same function reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near term *inflows and outflows of spendable resources*, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the near-term financing decisions of the Board of Trustees of the Gallatin Gateway School District. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Gallatin Gateway District is recognized by state law and consists of the Gallatin Gateway School (grades K-8). Major governmental funds are reported separately and all other funds are combined for this report. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and building reserve fund because they were the major funds for the 2020 fiscal year. The other governmental funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The Gallatin Gateway District adopts an annual appropriated budget for its general funds, select special revenue, debt service, and building reserve funds as required by state law. A budgetary comparison is provided for all budgeted funds later in this report.

**Fiduciary funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These funds may include pension and employee benefit trust funds where resources are held in trust for employee benefit plans. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the programs of the district. Student activity accounts and scholarship trusts are the most common fiduciary funds in school districts. The Gallatin Gateway District has fiduciary funds in their Private Purpose Trust Fund (Student Activity Account) which has a balance of \$15,629 at the end of FY 2020.

***Notes to the Financial Statements***

The notes to the financial statements provide additional information that can be very helpful to a full understanding of the data provided in the government-wide and fund financial statements and can be found later in this report.

**Other information**

In addition to the basic financial statements and the accompanying notes, this report also presents certain *required supplementary information* concerning the official student enrollment and federal grant audit reports.

**Overall District Financial Position and Analysis**

As noted earlier, net position may serve over time as a useful indicator of the financial position of the district. In the case of the Gallatin Gateway School District, assets exceeded liabilities in FY (fiscal year) 2020 by \$569,511. The district net position decreased \$19,004 at the close of FY 2020 mostly due to more expenses than revenue. Total revenues for the district were up 11% or \$209,205 in FY 2020 mostly due to increases in grants/entitlement revenue (\$43,431), state contributions to retirement (\$59,398), county revenue (\$58,448), operating grants/contributions (\$32,430), and district levies (\$38,237). The district received 40% (was 41.9% in FY 2019) of district revenue from district levies in FY 2020 while grants/entitlements revenue was 34.3% (was 35.8% in FY 2019) of district revenue. Total expenses for the district were up 12.1% or \$232,199 largely due to increases in instruction (\$162,825) and operation/maintenance (\$86,484). District expenses for instruction account for 53.3% of the total expenses and is the largest expense. At the end of FY 2019, the governmental funds of the school district reported a combined ending fund balance of \$499,898 and at the end of FY 2020 the fund balance was \$449,794 which represents a 7.5% decrease. The capital assets of the district increased 10.9% in FY 2020 mostly due to a long-term capital debt payment of \$110,000 and added capital assets of \$80,811 and depreciation of \$56,048. The net investment in capital assets for governmental activities as of June 30, 2020, was \$1,298,714 after depreciation and debt was subtracted. At the end of FY 2020, the Gallatin Gateway School District had bonded debt outstanding of \$120,000 for capital assets. In addition, the district had long-term liabilities of \$52,518 for compensated absences of employees, \$1,319,910 for the TRS and PERS portion of net pension liability, OPEB liabilities of \$36,034, and other long-term liabilities of \$14,748. The district only made a small transfer of funds out of the general fund of \$12,999 in FY 2020. District liabilities decreased 2% or \$34,870 in FY 2020. The overall financial condition of the Gallatin Gateway School District is good and remained nearly the same with a 1.7% decrease in net position in FY 2020. The chart on the following page presents information on the district net position for FY 2019 and FY 2020.

**COVID-19 and Education in the District**

The emergence of the COVID-19 pandemic in the spring of 2020 in the United States and Montana forced immediate changes to educational programming in the district. The district moved to remote online delivery of curriculum and instruction when Montana closed schools to in-person learning in March of 2020. District teachers either taught students remotely online or provided lessons for students to complete at home. The district continued to serve meals for students during the pandemic. The district has utilized plans and protocols in place during the 2020-21 school year to reduce the impacts of COVID on student education. These plans included procedures and safety protocols for staff and students during in person learning along with additional components if the district had to suspend in person instruction due to the virus. The district is using COVID relief funding to purchase necessary cleaning supplies and equipment, PPE supplies, and remote learning components. At this time many financial and academic impacts of the COVID pandemic on the district are uncertain including future revenue impacts.

<b>Total Net Position</b>	<b>\$569,511</b>	<b>\$588,515</b>	<b>(\$19,004)</b>	<b>-3.2%</b>

A large portion of the net position (\$1,298,714) of the Gallatin Gateway District at the close of FY 2020 reflects the investment by the school district in capital assets such as land, buildings, machinery, and equipment. The capital assets of the Gallatin Gateway District have a small amount of related debt. The Gallatin Gateway District uses these capital assets to provide educational and related services to students; and as a result, these assets are not available for future spending. The net investment in capital assets of the district increased 10.9% due to a long term capital debt payment of \$110,000 along with \$80,811 of capital assets added and \$56,048 of depreciation.

Another portion of the net position of the Gallatin Gateway District represents *unrestricted funds* which may be used to meet the ongoing obligations of the school district to citizens and creditors. The district has a negative balance of unrestricted funds mostly due to the addition of net pension liability in FY 2015 to the district financial statements. The unrestricted funds decreased 6.6% or \$62,858 from FY 2019 to FY 2020. The *restricted funds* which are subject to external restrictions on their use decreased 20.4% or \$83,401 from FY 2019 to FY 2020. The Gallatin Gateway District was able to report a positive balance of net position in FY 2020. The net position of the Gallatin Gateway District decreased \$19,004 or 3.2% during FY 2020 and was \$569,511.

**Revenue by Source for FY 2020 and FY 2019**

The bar graph presented above shows that revenue from district levies was the largest source for the Gallatin Gateway District in FY 2020 followed by unrestricted grants and entitlements. The major changes from FY 2019 to FY 2020 were increases in revenue from unrestricted grants/entitlements, county, state contributions to retirement, operating grants/contributions, district levies, and total revenue. Generally, since state law requires levied fund budgets to be “balanced,” the changes in expenditures matched the changes in the revenues of these funds.

District Expenses -The charts on the following page, present district expenses by category for FY 2019 and FY 2020. The graphs illustrate the major expenditure areas, with instruction costs accounting for 51% & 53% of the district expenses in FY 2019 and FY 2020, operation & maintenance accounting for 10% and 13%, administration was 10% and 10%, along with food services at 7% and 6% of the total district expenses. The major changes in FY 2020 were increases in instruction (2%), business services (1%), and operation/maintenance (3%). Decreases occurred in unallocated depreciation (1%), interest (1%), food services (1%), extracurricular (1%), and transportation (2%).

**Financial Analysis of the Government's Funds**

Fund accounting is mandated by Montana State law and is used by the Gallatin Gateway District to ensure and demonstrate compliance with finance-related legal requirements.

***Governmental funds***

The focus of the *governmental funds* of the district is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the financial requirements of the school district. In particular, *unassigned fund balance* may serve as a useful measure of the net resources available for spending at the end of the year. At the end of FY 2019, the governmental funds of the school district reported a combined ending fund balance of \$499,898 and at the end of FY 2020 the fund balance was \$449,794 which represents a 10% decrease. Approximately 32.8% (was 26.5% in FY 2019) or \$147,565 of the total fund balances in FY 2020 constitutes *unassigned fund balance*, which is available for spending at the discretion of the Board of Trustees. The general fund is the main operating fund of the district. At the end of FY 2019, the general fund had a balance of \$149,666 and at the close of FY 2020 the balance was \$181,019 which was a 20.9% increase. The general fund unassigned balance was \$147,899 for FY 2020. The total fund balances in the district decreased \$50,104 during FY 2020 which was a 10% decrease.

**Governmental Fund Financial Statements**

Fund-based financial statements, consisting of a series of statements, provide information about the government's major and non-major funds. Governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The governmental funds balance sheet for the FY 2020 is comprised of major funds and all other funds. The general fund and building reserve fund were the major funds in FY 2020. The other funds category includes the remainder of the governmental district funds. The governmental balance sheet for FY 2020 demonstrates that the district is in good financial condition. The district has cash and investments in the general fund which makes up 39.1% in FY 2020 (29.9% in FY 2019) of the total fund balances. The district fund balances would seem to be strong enough to resolve any reasonable financial situation that might occur.

**Statement of Revenues, Expenditures, and Changes in Fund Balances**

The statement of revenues, expenditures, and changes in fund balances presents revenue and expenditures in each of the major fund categories. The major fund categories in FY 2020 were the general fund and the building reserve fund. The other funds category includes all the remaining governmental funds that the district is utilizing. State revenue is the major source for the district general fund category at 61.9% (58.5% in FY 2019) of the total revenue in FY 2020 followed by the district levy revenue at 38% (41.4% in FY 2019). The major expenditure in the general fund is instruction. Instruction expenditures make up 62.8% (60.6% in FY 2019) of the general fund total cost for FY 2020. Administration followed by operation and maintenance rank 2 & 3 for general fund expenditures in FY 2020. The total fund balances decreased 7.5% in FY 2020.

**Gallatin Gateway Public School District**  
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)  
*For Fiscal Year Ending June 30, 2020*

***General Fund Budgetary Highlights***

The general fund budgetary highlights in the district for FY 2020 included slightly less revenue than was expected in the original and final budget. The district received \$3,259 less in total revenue in the general fund than was expected in the original/final budget. All of the decrease in revenue in the general fund was from local revenue which was \$3,259 less than expected. Actual expenditures in the general fund were \$30,189 less than what was expected in the original and final budget. Expenditures were under budget in several areas, with the largest difference in regular instruction which was \$19,234 lower than expected followed by food services at \$14,625 under budget. Operation/maintenance had the largest difference of over budget areas at \$20,702 higher than expected in the final budget. The difference in actual revenue and expenditures in the general fund was a positive \$26,931 which resulted in an increase of \$13,932 in the general fund after transfer out of the fund of \$12,999. The final balance in the general fund at the end of FY 2020 was \$136,630.

***Capital assets***

The net investment by the Gallatin Gateway District in capital assets for governmental activities as of June 30, 2020, was \$1,298,714 after depreciation and debt was subtracted. This investment in capital assets included land, building improvements, buildings, furniture, and equipment. The value of the capital assets net of capital debt for the Gallatin Gateway District showed a 10.9% or \$127,255 increase in FY 2020. The increase in capital assets was due to a long-term capital debt payment of \$110,000 along with added capital assets of \$80,811 and depreciation of \$56,048.

***Long-term debt***

At the end of FY 2020, the Gallatin Gateway School District had bonded debt outstanding of \$120,000 for capital assets. In addition, the district had long-term liabilities of \$52,518 for compensated absences of employees, \$1,319,910 for the TRS and PERS portion of net pension liability, OPEB liabilities of \$36,034, and other long-term liabilities of \$14,748.

***The Districts Future***

The future of the district is dependent on many factors, however one of the most important is student enrollment. The district has experienced a steady increase in student enrollment over the last five years, increasing 24 students from 149 in October of 2015 to 173 in October of 2019. The student enrollment increase is 16.1% over the last five years. A steady increase in enrollment of students provides stability on the portion of revenue from the state based on student enrollment. In addition, other factors that will contribute to the increase in students continuing is an increase in county population. Since 2010 Gallatin County population has increased 27.8% or 24,919 people. While the percentage of people under 18 years of age has decreased slightly, from 20.9% in 2010 to 19.7% in 2019, the large increase in population has increased the number of individuals under 18. The percentage of the population 65 and over is 13.1% in the county in 2019 compared to Montana at 19.3%. Gallatin County is a relatively young county compared to Montana. The overall enrollment trend in the district should continue to increase in the next few years. The county experiences a lower rate of poverty (10.3%) than the state of Montana (12.6%), which also may have an influence on the district. The district does have ongoing contracts with each of the employee groups in the district. However, during FY 2020 the district did not enter into any new agreements or contracts outside of these groups that would have an effect on the financial position of the district. The district does have a small amount of long-term debt for remodeling school buildings to meet student needs.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)  
*For Fiscal Year Ending June 30, 2020*

The District does not have any new litigation or ongoing litigation in FY 2020 that might impact future district finances. There are currently no other known facts, decisions, or conditions that would have a material effect on the financial position or operations of the district, except COVID 19 and those impacts are uncertain at this time. Given that the District revenues are increasing, that the District has only a small amount of long-term capital debt, an increasing student enrollment, increased growth in the county population, and the lack of other negative factors, the near-term future of the district finances would seem to be positive.

**Requests for Information**

The information and data included in this management's discussion and analysis report is designed to provide a general overview of the finances of Gallatin Gateway School District for all those with an interest in the government's finances. Questions concerning any of the information contained in this report should be addressed to the Gallatin Gateway administration and business office located in Gallatin Gateway, Montana.

**INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees  
Gallatin Gateway Public School  
Gallatin County  
Belgrade, Montana

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Gallatin Gateway Public School, Gallatin County, Montana, as of and for the year ended June 30, 2020, and the related notes to the financial statements which collectively comprise the District's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Gallatin Gateway Public School, Gallatin County, Montana, as of and for the year ended June 30, 2020, and the respective changes in financial position and, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Change in Accounting Principle**

As described in Note 1 to the financial statements, in 2020, the District adopted new accounting guidance, GASB statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the total OPEB liability and related ratios, schedules of proportionate share of the net pension liability, and schedules of contributions on pages 2 through 12, and 57 through 61 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The schedule of revenues and expenditures for the extracurricular fund and the schedule of enrollment are presented for purposes of additional analysis and are not a required part of the financial statements.

The accompanying schedule of revenues and expenditures for the extracurricular fund and the schedule of enrollment are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of revenues and expenditures for the extracurricular fund and the schedule of enrollment are fairly stated in all material respects in relation to the financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 13, 2021, on our consideration of the Gallatin Gateway Public School, Gallatin County, Montana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Gallatin Gateway Public School, Gallatin County, Montana's internal control over financial reporting and compliance.

GALLATIN COUNTY, MONTANA  
**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The School District complies with generally accepted accounting principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements.

**New Accounting Pronouncements**

GASB No. 95 *Postponement of the Effective Dates of Certain Authoritative Guidance*, is effective immediately as of May 2020. The statement was implemented in response to the COVID-19 pandemic providing temporary relief to governments in relation to other GASB statements that were to be effective for the fiscal year ending June 30, 2020. That statement postponed the effective dates of implementation for the following GASB Statements; GASB Statement No. 83, *Certain Asset Retirement Obligations*, Statement No. 84, *Fiduciary Activities*, Statement No. 87, *Leases*, Statement No. 88, *Certain Disclosures Related to Debt*, Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, Statement No. 90, *Majority Equity Interests*, Statement No. 91, *Conduit Debt Obligations*, Statement No. 92, *Omnibus 2020*, and Statement No. 93 *Replacement of Interbank Offered Rates*. In addition, any of the recent implementation guides issued were postponed.

**Financial Reporting Entity**

In determining the financial reporting entity, the District complies with the provisions of GASB statement No. 14, *The Financial Reporting Entity*, as amended by GASB statement No. 61, *The Financial Reporting Entity: Omnibus*, and includes all component units of which the District appointed a voting majority of the component unit's board; the District is either able to impose its will on the unit or a financial benefit or burden relationship exists. In addition, the District complies with GASB statement No. 39 *Determining Whether Certain Organizations Are Component Units* which relates to organizations that raise and hold economic resources for the direct benefit of the District.

*Primary Government*

The District was established under Montana law to provide elementary educational services to residents of the District. The District provides education from kindergarten through the eighth grade.

The District is managed by a Board of Trustees, elected in district-wide elections, and by an administration appointed by and responsible to the Board. The financial statements include all of the operations of the District controlled by the Board of Trustees. Based on the criteria for determining the reporting entity (separate legal entity and financial or fiscal dependency on other governments) the District is a primary government as defined by GASB Cod. Sec. 2100 and has no component units.

GALLATIN COUNTY, MONTANA  
**NOTES TO THE FINANCIAL STATEMENTS**

**Basis of Presentation, Measurement Focus and Basis of Accounting**

**Government-wide Financial Statements:**

*Basis of Presentation*

The Government-wide Financial Statements (the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole and its component units. They include all funds of the District except fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Net Position presents the financial condition of the governmental and business-type activities for the District at year end. The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function. The District does not charge indirect expenses to programs or functions. The types of transactions reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity, 2) operating grants and contributions, and 3) capital grants and contributions. Revenues that are not classified as program revenues, including all property taxes, are presented as general revenues.

Certain eliminations have been made as prescribed by GASB 34 in regards to inter-fund activities, payables and receivables. All internal balances in the Statement of Net Position have been eliminated.

*Measurement Focus and Basis of Accounting*

On the government-wide Statement of Net Position and the Statement of Activities, both governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred regardless of the timing of the cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The District generally applies restricted resources to expenses incurred before using unrestricted resources when both restricted and unrestricted net assets are available.

GALLATIN GATEWAY PUBLIC SCHOOL  
GALLATIN COUNTY, MONTANA  
**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

**Fund Financial Statements:**

*Basis of Presentation*

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Funds are organized into three categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. Each major fund is displayed in a separate column in the governmental funds statements. All of the remaining funds are aggregated and reported in a single column as non-major funds. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets combined with deferred outflows of resources, liabilities combined with deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets combined with deferred outflows of resources, liabilities combined with deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise funds are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

*Measurement Focus and Basis of Accounting*

***Governmental Funds:***

Modified Accrual

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District defined the length of time used for "available" for purposes of revenue recognition in the governmental fund financial statements as collection within 60 days of the end of the current fiscal period, except for property taxes and other state grants that are recognized upon receipt.

**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. General capital asset acquisitions are reported as expenditures in governmental funds and proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, charges for current services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. All other revenue items are considered to be measurable and available only when cash is received by the District.

Major Funds:

The District reports the following major governmental funds:

*General Fund* - This is the District's primary operating fund and it accounts for all financial resources of the District except those required to be accounted for in other funds. The fund also reports the outstanding warrants of the District that are tracked in clearing funds. These funds have been combined with the General fund for reporting purposes as stated above.

*Building Reserve Fund* – Authorized by Section 20-9-502, MCA, for the purpose of financing the future construction, equipping, or enlarging of school buildings, for the purpose of purchasing land needed for school purposes in the district, or for the purpose of funding school transition costs.

***Fiduciary Funds:***

*Private-purpose Trust Funds* – To report all other trust arrangements under which the principal and income benefit individuals, private organizations, or other governments. For reporting, the District has determined to include the Student Extracurricular Activities Funds in this fund. These funds are explained in more detail below.

*Student Extracurricular Activities Fund* – The Student Extracurricular Activities Fund is authorized by Section 20-9-504, MCA, to account for various student activities, such as athletics, clubs, classes, student government organizations, student publications and other such activities. Separate fund accounts within the Extracurricular Fund are maintained to account for these various activities. Unlike other district funds, the money for these activities may be maintained in bank accounts outside the control of the County Treasurer. The fund is administered by school district administrators, faculty members, and student organizations under the guidelines and policies established by the Board of Trustees and in accordance with the “Student Activity Fund Accounting” guidelines. Required guidelines are available from the Montana Association of School Business Officials (MASBO) or from OPI.

**NOTE 2. CASH, CASH EQUIVALENTS, AND INVESTMENTS**

**Cash Composition**

The District’s cash, except for the Student Extracurricular Fund (an expendable trust) is held by the County Treasurer and pooled with other County cash. School district cash which is not necessary for short-term obligations, the District participates in a County-wide investment program whereby all available cash is invested by the County Treasurer in pooled investments. Interest earned on the pooled investments is distributed to each contributing entity and fund on a pro rata basis. The County’s investment portfolio as of June 30, 2020, consisted of time deposits, U.S. Government Securities, and STIP. Interest earned on pooled investments is distributed to each contributing entity and fund on a pro rata basis.

The School District does not own specific identifiable investment securities in the pool; therefore, is not subject to categorization. Information regarding investment risk, collateral, security, and fair values for Gallatin County deposits and investments is available from Gallatin County Treasurer’s office, 311 West Main Street #103, Bozeman, Montana 59715. Fair value approximates carrying value for investments as of June 30, 2020.

**NOTE 3. RECEIVABLES**

**Tax Receivables**

Property tax levies are set in August, after the County Assessor delivers the taxable valuation information to the County, in connection with the budget process and are based on taxable values listed as of January 1 for all property located in the Entity. Taxable values are established by the Montana Department of Revenue, and a revaluation of all property is required to be completed on a periodic basis. Taxable value is defined by Montana statute as a fixed percentage of market value.

Real property (and certain attached personal property) taxes are billed within ten days after the third Monday in October and are due in equal installments on November 30 and the following May 31. After those dates, they become delinquent (and a lien upon the property). After three years, the County may exercise the lien and take title to the property. Special assessments are either billed in one installment due November 30 or two equal installments due November 30 and the following May 31. Personal property taxes (other than those billed with real estate) are generally billed no later than the second Monday in July (normally in May or June), based on the prior November's levies. Personal property taxes, other than mobile homes, are due thirty days after billing. Mobile home taxes are billed in two halves, the first due thirty days after billing; the second due September 30. The tax billings are considered past due after the respective due dates and are subject to penalty and interest charges.

Taxes that become delinquent are charged interest at the rate of 5/6 of 1% a month plus a penalty of 2%. Real property on which taxes remain delinquent and unpaid may be sold at tax sales. In the case of personal property, the property is to be seized and sold after the taxes become delinquent.

**NOTE 4. INVENTORIES AND PREPAIDS**

The cost of inventories are recorded as an expenditure when purchased.

**NOTE 5. CAPITAL ASSETS**

The District's assets are capitalized at historical cost or estimated historical cost. District policy has set the capitalization threshold for reporting capital assets at \$5,000. Gifts or contributions of capital assets are recorded at fair market value when received. The costs of normal maintenance and repairs are charged to operations as incurred. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation is recorded on a straight-line basis over the useful lives of the assets as follows:

Buildings	20 – 80 years
Improvements	20 – 80 years
Equipment	6 – 20 years

**NOTE 6. LONG TERM DEBT OBLIGATIONS**

In the governmental-wide financial statements, outstanding debt is reported as liabilities. Bond issuance costs, bond discounts or premiums, are expensed at the date of sale.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures.

**Compensated Absences**

Compensated absences are absences for which employees will be paid for time off earned for time during employment, such as earned vacation and sick leave. Non-teaching District employees earn vacation leave ranging from fifteen to twenty-four days per year depending on the employee's years of service. Vacation leave may be accumulated not to exceed two times the maximum number of days earned annually. Sick leave is earned at a rate of one day per month for non-teaching employees and upon retirement or termination, employees are paid for 100% of unused vacation leave and 25% of unused sick leave. Upon termination, all payments are made at the employee's current rate of pay.

**Special Retirement Benefits**

The District offered early retirement incentives which are intended to provide teachers flexibility in developing new career options through capitalization of financial incentives of value to both the teacher and to the District for the 2018-2019 school year only. Certificated classroom teaching personnel contracted by the District for the 2018- 2019 school year with no less than twenty-five (25) years of creditable service under the Montana Teachers' Retirement System and at least twenty-five (25) years of service with School District are eligible and qualified to participate in this Early Retirement Incentive Program (ERIP). The Board of Trustees will accept up to a maximum of one resignation.

The Program benefit for the eligible employee will be continued Major Medical & Flexible Benefits Plan as outlined in Article 21 in the Master Agreement between the Gallatin Gateway Board of Trustees, School District No. 35 and the Gallatin Gateway Education Association MEA-MFT for three (3) years after the date of retirement. Currently, this amount is Five hundred eighty-four dollars (\$584.00) per month toward a major medical plan and twenty-five dollars (\$25.00) per month toward the Flexible Benefits Plan. If in any year of the three (3) years the School District and the Association negotiate an increase in the benefit, the eligible employee will also receive the increase. The eligible employee will be required to pay any additional premium amount per month to the School District on or before the 5th day of each month. If there is excess after the premium is paid, the excess will be applied to the Flexible Benefits Plan for the eligible employee. One employee participated in this benefit.

The District had one employee accept the above offer in fiscal year 2018-2019. The District recorded a liability of \$14,748, for retirement incentives due as of June 30, 2020.

**NOTE 7. POSTEMPLOYMENT HEALTHCARE PLAN**

*Plan Description.* The healthcare plan, as required by section 2-18-704, MCA, provides employees with at least 5 years of service and who are at least age 50, along with surviving spouses and dependents, to stay on the government's health care plan as long as they pay the same premium. This creates a defined benefit Other Post-Employment Benefits Plan (OPEB); since retirees are usually older than the average age of the plan participants, they receive a benefit of lower insurance rates. The OPEB plan is a single-employer defined benefit plan administered by the District. The government has not created a trust to accumulate assets to assist in covering the defined benefit plan costs, and covers these when they come due. The government has less than 100 plan members and thus qualifies to use the "Alternative Measurement Method" for calculating the liability. The above described OPEB plan does not provide a stand-alone financial report.

**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

*Benefits Provided.* The government provides healthcare insurance benefits for retirees and their dependents upon reaching the age and service years defined in section 2-18-704, MCA. The benefit terms require that eligible retirees cover 100 percent of the health insurance premiums, but may pay the same premiums as the other members in the group health plan.

*Employees covered by benefit terms.* At June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries receiving benefit payments	1
Active employees	16
Total employees	17

Total OPEB Liability

The District's total OPEB liability of \$36,034 at June 30, 2020, was determined by using the alternative measurement method. The measurement date of the determined liability was June 30, 2020.

*Actuarial assumptions and other input.* The total OPEB liability in the June 30, 2020 alternative measurement method was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Average age of retirement (based on historical data)	62
Discount rate (average anticipated rate)	2.10%
Average salary increase (Consumer Price Index)	2.54%
<u>Health care cost rate trend (Federal Office of the Actuary)</u>

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended June 30, 2020, the District recognized an OPEB expense of \$4,807. The District does not report any deferred outflows of resources and deferred inflows of resources related to OPEB as there were no differences between expected and actual experience or changes in assumptions performed in the alternative measurement method. In addition, since District records costs as they come due, there are no deferred outflows of resources for contributions to the OPEB plan trust.

**Public Employee's Retirement System – Defined Benefit Retirement Plan**

**Summary of Significant Accounting Policies**

The District participate in the Public Employees Retirement System (PERS) Administered by the Montana Public Employee Retirement Administration (MPERA). MPERA prepared financial statements using the accrual basis of accounting. The same accrual basis was used by MPERA for the purposes of determining the NPL; Deferred Outflows of Resources and Deferred Inflows of Resources related to pensions; Pension Expense; the Fiduciary Net Position; and Additions to, or Deductions from, Fiduciary Net Position. Member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period in which they are due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adhered to all accounting principles generally accepted by the United States of America. MPERA applied all applicable pronouncements of the Governmental Accounting Standards Board (GASB).

**Plan Descriptions**

The PERS-Defined Benefit Retirement Plan (PERS) administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, Montana Code Annotated (MCA). This plan provides retirement benefits to covered employees of the State, local governments, certain employees of the Montana University System, and school districts.

All new members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the defined contribution retirement plan (PERS-DCRP) by filing an irrevocable election. Members may not be participants of both the defined contribution and defined benefit retirement plans. For members that choose to join the PERS-DCRP, a percentage of the employer contributions will be used to pay down the liability of the PERS-DBRP. All new members from the universities also have third option to join the university system's Montana University System Retirement Program (MUS-RP).

The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are established by state law and can only be amended by the Legislature.

  - b. The State legislature has the authority to establish and amend contribution rates to the plan.
2. Member contributions to the system:
  - a. Plan members are required to contribute 7.90% of member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.
  - b. The 7.90% member contributions is temporary and will be decreased to 6.9% on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below 25 years following the reduction of both the additional employer and additional member contribution rates.

3. Employer contributions to the system:
  - a. Effective July 1, 2014, following the 2013 Legislative session, PERS-employer contributions increase an additional 0.1% a year and will continue over 10 years through 2024. The additional employer contributions including the 0.27% added in 2007 and 2009, will terminate on January 1 following actuary valuation results that show the amortization period has dropped below 25 years and would remain below the 25 years following the reduction of both the additional employer and additional member contributions rates.
  - b. Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.
4. Non-Employer Contributions
  - a. Special Funding
    - i. The State contributes 0.1% of members' compensation on behalf of local government entities.
    - ii. The State contributes 0.37% of members' compensation on behalf of school district entities.
    - iii. The State contributed a statutory appropriation from its General Fund of \$33,454,182.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

GASB Statement 68 allows a measurement date of up to 12 months before the employer's fiscal year-end can be utilized to determine the Plan's TPL. The basis for the TPL as of June 30, 2020, was determined by taking the results of the June 30, 2019, actuarial valuation and applying standard roll forward procedures. The roll forward procedure uses a calculation that adds the annual normal cost (also called the service cost), subtracts the actual benefit payments and refunds for the plan year, and then applies the expected investment rate of return for the year. The roll forward procedure will include the effects of any assumption changes and legislative changes. The update procedures are in conformity with Actuarial Standards and Practice issued by the Actuarial Standards Board.

The Total Pension Liability (TPL minus the Fiduciary Net Position equals the Net Pension Liability (NPL). The proportionate shares of the District's and the state of Montana's NPL for June 30, 2020, and 2019, are displayed below. The District proportionate share equals the ratio of the employer's contributions to the sum of all employer and non-employer contributions during the measurement period. The state's proportionate share for a particular employer equals the ratio of the contributions for the particular employer to the total state contributions paid. The District recorded a liability of \$186,920 and the District's proportionate share was 0.008942 percent.

The most recent experience study, performed for the period covering fiscal years 2011 through 2016, is outlined in a reported dated May 5, 2017 and can be located on the MPERA website. The long-term expected return on pension plan assets is reviewed as part of the regular experience studies prepared for the Plan. Several factors are considered in evaluating the long-term rate of return assumption. Including historical rates of return, rate of return assumptions adopted by similar public-sector systems, and by using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflations) are developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2018, are summarized in the table below.

**Discount Rate**

The discount rate used to measure the TPL was 7.65%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities would be made based on the Board's funding policy, which established the contractually required rates under the Montana Code Annotated. The state contributed 0.10% of the salaries paid by local governments and 0.37% paid by school districts. In addition, the state contributed coal severance tax and interest money from the general fund. The interest was contributed monthly and the severance tax was contributed quarterly. Based on those assumptions, the Plan's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2121. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. A municipal bond rate was not incorporated in the discount rate.

1.0% Decrease (6.65%)	Current Discount Rate	1.0% Increase (8.65%)
\$ 268,550	\$ 186,920	\$ 118,319

In accordance with GASB 68 regarding the disclosure of the sensitivity of the net pension liability to changes in the discount rate, the above table presents the net pension liability calculated using the discount rate of 7.65%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1.00% lower (6.65%) or 1.00% higher (8.65%) than the current rate.

**PERS Disclosure for the defined contribution plan**

Gallatin County contributed to the state of Montana Public employee Retirement System Defined Contribution Retirement Plan (PERS-DCRP) for employees that have elected the DCRP. The PERS-DCRP is administered by the PERB and is reported as a multiple-employer plan established July 1, 2002, and governed by Title 19, chapters 2 & 3, MCA.

GALLATIN GATEWAY PUBLIC SCHOOL  
GALLATIN COUNTY, MONTANA  
**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

All new PERS members are initially members of the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be participants of both the defined benefit and defined contribution retirement plans.

Member and employer contributions rates are specified by state law and are a percentage of the member's compensation. Contributions are deducted from each member's salary and remitted by participating employers. The state Legislature has the authority to establish and amend contribution rates.

Benefits are dependent upon eligibility and individual account balances. Participants are vested immediately in their own contributions and attributable income. Participants are vested after 5 years of membership service for the employer's contributions to individual accounts and the attributable income. Non-vested contributions are forfeited upon termination of employment per 19-3-2117(5), MCA. Such forfeitures are used to cover the administrative expenses of the PERS-DCRP.

At the plan level for the measurement period ended June 30, 2018, the PERS-DCRP employer did not recognize any net pension liability or pension expense for the defined contribution plan. Plan level non-vested forfeitures for the 316 employers that have participants in the PERS-DCRP totaled \$746,144.

Pension plan fiduciary net position: The stand-alone financial statements (76d) of the Montana Public Employees Retirement Board (PERB) Comprehensive Annual Financial Report (CAFR) and the GASB 68 Report disclose the Plan's fiduciary net position. The reports are available from the PERB at PO Box 200131, Helena MT 59620-0131, (406) 444-3154 or both are available on the MPERA website at <http://mpera.mt.gov/index.shtml>.

### **Teachers Retirement System**

#### **Summary of Significant Accounting Policies**

The Teachers' Retirement System prepares its financial statements using the accrual basis of accounting. For the purposes of measuring the Net Pension Liability, deferred inflows of resources and deferred outflows of resources related to pensions, pension expense, information about the fiduciary net position of the Teachers' Retirement System (TRS) and additions to/deductions from TRS's fiduciary net position have been determined on the same accrual basis as they are reported by TRS. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. TRS adheres to all applicable Governmental Accounting Standards Board (GASB) statements.

### **Plan Descriptions**

Teachers' Retirement System (TRS or the System) is a mandatory-participation multiple-employer cost-sharing defined-benefit public pension plan that provides retirement services to individuals employed as teachers, administrators, and in other professional and skilled positions employed in public education in Montana.

The TRS Board is the governing body of the System and the TRS staff administers the system in conformity with the laws set forth in Title 19, chapter 20 of the Montana Code Annotated, and administrative rules set forth in Title 2, chapter 44 of the Administrative Rules of Montana. Additional information pertaining to membership, benefit structure, and prior years' actuarial valuations, as well as links to applicable statutes and administrative rules, may be obtained by visiting the TRS web site at [trs.mt.gov](https://trs.mt.gov).

### **Summary of Benefits**

Through June 30, 2013, all members enrolled in TRS participated in a single-tiered plan ("Tier One"). Employees with a minimum of 25 years of service or who have reached age 60 with 5 years of service are eligible to receive an annual retirement benefit equal to creditable service years divided by 60 times the average final compensation. Final compensation is the average of the highest three consecutive years of earned compensation. Benefits fully vest after 5 years of creditable service. Vested employees may retire at or after age 50 and receive reduced retirement benefits. Beginning July 1, 2013, new members in TRS participate in a second benefit tier ("Tier Two"), which differs from Tier One as follows:

- Tier Two uses a 5-year average final compensation (as opposed to 3-year AFC in Tier One)
- Tier Two provides for unreduced service retirement benefits at age 60 with 5 years of creditable service or at age 55 with at least 30 years of creditable service (rather than at age 60 with 5 years of service or at any age with creditable service in 25 years in Tier One)
- Tier Two provides for early retirement benefits with 5 years of creditable service at age 55 (rather than age 50 in Tier One)
- Tier Two has a one percent higher normal employee contribution rate (though a temporary 1% supplemental employee contribution rate is also now currently in place for Tier One members), and
- Tier Two provides for an enhanced benefit calculation -  $1.85\% \times \text{AFC} \times \text{years of creditable service}$  - for members retiring with at least 30 years of creditable service and at least 60 years of age (rather than  $1.6667 \times \text{AFC} \times \text{years of creditable service}$ )

A guaranteed annual benefit adjustment (GABA) is payable on January 1st of each calendar year for each retiree who has received at least 36 monthly retirement benefit payments prior to that date.

GALLATIN GATEWAY PUBLIC SCHOOL  
GALLATIN COUNTY, MONTANA  
**NOTES TO THE FINANCIAL STATEMENTS**  
June 30, 2020

The GABA is applicable to both Tier One and Tier Two members. The GABA for Tier One members is 1.5% of the benefit payable as of January 1st. For Tier Two members the GABA each year may vary from 0.5% to 1.5% based on the retirement system’s funding status and the period required to amortize any unfunded accrued actuarial liability as determined in the prior actuarial valuation.

**Contributions**

The System receives a portion of the total required statutory contributions directly from the State for all employers. The employers are considered to be in a special funding situation as defined by GASB 68 and the State is treated as a non-employer contributing entity in TRS. The System receives 2.49% of reportable compensation from the State’s general fund for School Districts and Other Employers. The System also receives 0.11% of reportable compensation from the State’s general fund for all TRS Employers including State Agency and University System Employers. Finally, the State is also required to contribute \$25 million in perpetuity payable July 1st of each year.

MCA 19-20-605 requires each employer to contribute 9.85% of total compensation paid to all re-employed TRS retirees employed in a TRS reportable position. Pursuant to MCA 19-20-609, this amount shall increase by 1.00% for fiscal year 2014 and increase by 0.10% each fiscal year through 2024 until the total employer contribution is equal to 11.85% of re-employed retiree compensation.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers are required to recognize and report certain amounts associated with their participation in the Montana Teachers' Retirement System (TRS or the System). Statement 68 became effective June 30, 2015 and includes requirements to record and report their proportionate share of the collective Net Pension Liability. In accordance with Statement 68, the System has a special funding situation in which the State of Montana is legally responsible for making contributions directly to TRS that are used to provide pension benefits to the retired members of TRS. Due to the existence of a special funding situation, employers are also required to report the portion of the State of Montana's proportionate share of the collective Net Pension Liability that is associated with the employer. The following table displays the amounts and the percentages of Net Pension Liability for the fiscal years ended June 30, 2020 and June 30, 2019 (reporting dates).

	Net Pension Liability as of 6/30/2020	Net Pension Liability as of 6/30/2019	Percent of Collective NPL as of 6/30/2020	Percent of Collective NPL as of 6/30/2019	Change in Percent of Collective NPL

At June 30, 2020, the District recorded a liability of \$1,132,990 for its proportionate share of the Net Pension Liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. Therefore, no update procedures were used to roll forward the total pension liability to the measurement date. The District's proportion of the net pension liability was based on the employer's contributions received by TRS during the measurement period July 1, 2018, through June 30, 2019, relative to the total employer contributions received from all of TRS' participating employers. At June 30, 2020, the District's proportion was 0.0588 percent.

*Changes in actuarial assumptions and methods:*

The following changes to the actuarial assumptions were made since measurement date:

- Assumed rate of inflations was reduced from 3.25% to 2.50%
- Payroll growth assumption was reduced from 4.00% to 3.25%
- Investment return assumption was reduced from 7.75% to 7.50%
- Wage growth assumption was reduced from 4.00% to 3.25%

- Mortality among contributing members, service retired members, and beneficiaries was updated to the following:
  - RP-2000 Healthy Combined Mortality Table projected to 2022 adjusted for partial credibility setback for two years for males and females.
- Mortality among disabled members was updated to the following:
  - RP-2000 Disabled Mortality Table, set back three years for males and set forward two years for females, with mortality improvements projected by Scale BB to 2022.
- Retirement rates were updated
- Termination rates were updated
- Rates of salary increases were updated

*Changes in benefit terms:*

There have been no changes in benefit terms since the previous measurement date.

*Changes in proportionate share:*

There were no changes between the measurement date of the collective net pension liability and the reporting date. However, each employer may have unique circumstances that will impact the employer’s proportionate share of the collective net pension liability. If there were changes that are expected to have an impact on the net pension liability, the employer should disclose the amount of the expected resultant change in the employer’s proportionate share of the collective net pension liability, if known.

*Pension Expense:*

At June 30, 2020, the District recognized a Pension Expense of \$226,681 for its proportionate share of the TRS’ pension expense. The District also recognized grant revenue of \$83,816 for the support provided by the State of Montana for its proportionate share of the pension expense that is associated with the District.

\* The assumed rate is comprised of a 2.50% inflation rate and a real long-term expected rate of return of 5.00%.

The assumed long-term expected return on pension plan assets is reviewed as part of the regular experience studies prepared for the System. The most recent analysis, performed for the period covering through fiscal year 2126, is outlined in a report dated May 3, 2018. Several factors are considered in evaluating the long-term rate of return assumption including long term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation). Estimates of variability and correlations for each asset class, were developed by the System's investment consultant. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The long-term rate of return assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The average long-term capital market assumptions published in the Survey of Capital Market Assumptions 2017 Edition by Horizon Actuarial Service, LLC, yield a median real return of 5.07%. Our recommended assumption of 5.00% for the real return reflects granting each source some degree of credibility. Combined with the 2.50% inflation assumption, the resulting nominal return is 7.50%. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2018, is summarized in the above table.

In accordance with GASB 68 regarding the disclosure of the sensitivity of the net pension liability to changes in the discount rate, the above table presents the net pension liability calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1.00% lower (6.50%) or 1.00% higher (8.50%) than the current rate.

**NOTE 10. FUND BALANCE CLASSIFICATION POLICIES AND PROCEDURES**

Governmental Fund equity is classified as fund balance. The District, categorizes fund balance of the governmental funds into the following categories:

Restricted - constraint is externally imposed by a third party, State Constitution, or enabling legislation.

Assigned – constraint is internally imposed by the body or official authorized to assign amounts for a specific purpose.

Unassigned – negative fund balance in all funds, or fund balance with no constraints in the General Fund.

The District considers restricted amounts to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available.

The District considers that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**NOTE 11. JOINT VENTURES**

Joint ventures are independently constituted entities generally created by two or more governments for a specific purpose which are subject to joint control, in which the participating governments retain 1) an ongoing financial interest or 2) an ongoing financial responsibility.

**Special Education Cooperative**

The District is a member of the Gallatin-Madison County Special Education Cooperative. The Cooperative is comprised of fourteen member districts, each of which contributes to the operating costs of providing special educational services to the participating districts. Each year each member District appoints a member to the Joint Advisory Board.

The District's contributions for the payment of the special educational services provided was \$3,578 for the fiscal year ended June 30, 2020. Separate financial statements are available from the Gallatin-Madison County Special Education Cooperative, P.O. Box 162, Belgrade, MT 59714.

**Multidistrict Educational Cooperative**

The District is cooperative agency in a interlocal agreement with Amsterdam District, Cottonwood District, and Malmborg District to collaborate and collectively pay for staff, contracted services, and purchase classroom supplies and materials to meet student needs of the participating districts. Amsterdam is the prime agency in the agreement. During fiscal year 2020, the District contributed \$11,000 to the cooperative.

**NOTE 12. SERVICES PROVIDED BY OTHER GOVERNMENTS**

**County Provided Services**

The District is provided various financial services by Gallatin County. The County also serves as cashier and treasurer for the District for tax and assessment collections and other revenues received by the County which are subject to distribution to the various taxing jurisdictions located in the County. The collections received by the County on behalf of the District are accounted for in an agency fund in the District's name and are periodically remitted to the District by the County Treasurer. No service charges have been recorded by the District or the County.

**NOTE 13. RISK MANAGEMENT**

The District faces considerable number of risks of loss, including (a) damage to and loss of property and contents, (b) employee torts, (c) professional liability, i.e., errors and omissions, (d) environmental damage, (e) workers' compensation, i.e., employee injuries, and (f) medical insurance costs of employees. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Insurance Policies:

Commercial policies transferring all risks of loss, except for relatively small deductible amounts are purchased for property and content damage, employee torts, and professional liability. Employee medical insurance is provided for by a commercial carrier. And, given the lack of coverage available, the District has no coverage for potential losses from environmental damages.

Insurance Pools:

The Montana Schools Group Insurance Authority (MSGIA) was created pursuant to the Interlocal Cooperation Act by execution of an Interlocal Agreement creating the MSGIA. The MSGIA is responsible for paying all workers' compensation claims of the member school districts. Each member of the MSGIA is jointly and severally liable for the full amount of any and all known or unknown claims of each member arising during the member's participation in the program. The MSGIA purchases workers' compensation reinsurance to provide statutory excess limits. The MSGIA contracts with Montana School Boards Association (MTSBA) to provide third party administrative services to the program. The MTSBA provides general program management, claim management, and risk management services to its program members.

The Montana School Unemployment Insurance Program (MSUIP) was created pursuant to the Interlocal Cooperation Act by execution of an Interlocal Agreement creating the MSUIP. The MSUIP is responsible for paying all unemployment insurance claims of the member school districts. Each member of the MSUIP is jointly and severally liable for the full amount of any and all known or unknown claims of each member arising during the member's participation in the program. The MSUIP contracts with Montana School Boards Association (MTSBA) to provide third party administrative services to the program. The MTSBA provides general program management and technical services to its program members.

Separate audited financial statements are available from Montana Schools Group Insurance Authority for MSGIA and MSUIP.

**NOTE 14. SUBSEQUENT EVENTS**

In response to the COVID-19 pandemic, Congress passed the CARE Act, Coronavirus Aid, Relief, and Economic Security Act in March 2020. With the CARES Act there was several funding sources that were created to support state and local governments. These funding sources include the Coronavirus Relief Fund (CRF) and the Elementary and Secondary School Emergency Relief Fund (ESSER). In December 2020, Congress again passed further funding for the COVID-19 pandemic allocated through the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA), that included \$54 billion for ESSER II funding. Lastly, in March 2021 Congress passed the American Rescue Plan (ARP) that authorized another \$122 billion for ESSER III funding.

The State of Montana received \$1.25 billion from the Coronavirus Relief Fund, and allotted \$75 million of this to go to schools. The State of Montana distributed this based on the school districts ANB. The District was awarded \$88,507 from this funding to assist with covering the necessary expenditures incurred due to COVID-19. The District had not incurred any expenditures prior to the end of June 30, 2020, and spent all of the funding in the subsequent fiscal year equal to \$88,507 before the end of December 31, 2020 then returned the remaining \$18,771 to the State. The State of Montana also received roughly \$40 million from the ESSER Funds. The District has been awarded \$17,292 of this funding and had incurred \$10,110 prior to the end of fiscal year 2020. The District has spent remaining \$7,182 as of April 2021.

For ESSER II and III the State of Montana received \$170 million and \$382 million in funding to be distributed to schools across the state. As of April 2021, the State had determined the distributions of these funds for ESSER II based on Title I funding, and have projections for ESSER III. The allocated ESSER II funds expected for the District equal \$68,071 and the projected ESSER III funds for the District equal to \$152,878. The ESSER II funds are to be expended by September 30, 2023, and the ESSER III to be expended by September 30, 2024.

The following changes to the plan provision were made as identified:

**2013 Legislative Changes**

*Working Retirees - House Bill 95 - PERS, SRS, and FURS, effective July 1, 2013*

- The law requires employer contributions on working retiree compensation.
- Member contributions are not required.
- Working retiree limitations are not impacted. PERS working retirees may still work up to 960 hours a year, without impacting benefits.

*Highest Average Compensation (HAC) Cap - House Bill 97, effective July 1, 2013*

- All PERS members hired on or after July 1, 2013 are subject to a 110% annual cap on compensation considered as part of a member's highest or final average compensation.
- All bonuses paid to PERS members on or after July 1, 2013 will not be treated as compensation for retirement purposes.

*Permanent Injunction Limits Application of the GABA Reduction – Passed under House Bill 454*

**Guaranteed Annual Benefit Adjustment (GABA) - for PERS**

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of all other adjustments to the member's benefit.

- 3% for members hired prior to July 1, 2007
- 1.5% for members hired on or after July 1, 2007 and before July 1, 2013
- Members hired on or after July 1, 2013:
  - 1.5% each year PERS is funded at or above 90%;
  - 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and
  - 0% whenever the amortization period for PERS is 40 years or more.

**2015 Legislative Changes**

*General Revisions - House Bill 101, effective January 1, 2016*

**Second Retirement Benefit - for PERS**

- Applies to PERS members who return to active service on or after January 1, 2016. Members who retire before January 1, 2016, return to PERS-covered employment, and accumulate less than 2 years of service credit before retiring again:
  - Refund of member's contributions from second employment, plus regular interest (currently 2.5%);
  - No service credit for second employment;
  - Start same benefit amount the month following termination; and
  - GABA starts again in the January immediately following second retirement.

**Teachers' Retirement System of Montana (TRS)**

**Changes of Benefit Terms:**

The following changes to the plan provision were made as identified:

The 2013 Montana Legislature passed HB 377 which provides additional revenue and created a two tier benefit structure. A Tier One Member is a person who first became a member before July 1, 2013 and has not withdrawn their member's account balance. A Tier Two Member is a person who first becomes a member on or after July 1, 2013 or, after withdrawing their member's account balance, becomes a member again on or after July 1, 2013.

The GABA for Tier 1 members has also been modified as follows:

- If the most recent actuarial valuation of the System shows that the funded ratio is less than 90%, then the maximum increase that can be granted is 0.50%.
- If the funded ratio is at least 90% and the increase is not projected to cause the System's funded ratio to be less than 85%, an increase can be granted to that is greater than 0.50% but not more than 1.50%.

The second tier benefit structure for members hired on or after July 1, 2013 is summarized below:

- *Final Average Compensation:* Average of earned compensation paid in five consecutive years of full-time service that yields the highest average
- *Service Retirement:* Eligible to receive a service retirement benefit if the member has been credited with at least five full years of creditable service and has attained the age of 60; or has been credited with 30 or more years of full-time or part-time creditable service and has attained age 55
- *Early Retirement:* Eligible to receive an early retirement allowance if a member is not eligible for service retirement but has at least five years of creditable service and attained age 55
- *Professional Retirement Option:* If the member has been credited with 30 or more years of service and has attained the age of 60, they are eligible for an enhanced allowance equal to 1.85% of average final compensation times all service at retirement. Otherwise, the multiplier used to calculate the retirement allowance will be equal to 1.67%.

**Notes to Required Supplementary Information**  
**Schedule of Proportionate Share of the Net Pension Liability and**  
**Schedule of Contributions**  
**For the Year Ended June 30, 2020**

- Annual Contribution: 8.15% of member's earned compensation
- Supplemental Contribution Rate: On or after July 1, 2023, the TRS Board may require a supplemental contribution up to 0.5%, if the following three conditions are met:
  - The average funded ratio of the System based on the last three annual actuarial valuations is equal to or less than 80%; and
  - The period necessary to amortize all liabilities of the System based on the latest annual actuarial valuation is greater than 20 years; and
  - A State or employer contribution rate increase or a flat dollar contribution to the Retirement System Trust fund has been enacted that is equivalent to or greater than the supplemental contribution rate imposed by the TRS Board.
- Disability Retirement: A member will not be eligible for a disability retirement if the member is or will be eligible for a service retirement on the date of termination
- Guaranteed Annual Benefit Adjustment (GABA):  
If the most recent actuarial valuation shows that Retirement System liabilities are at least 90% funded, and the provision of the increase is not projected to cause the System's liabilities to be less than 85% funded, the GABA may increase from the 0.5% floor up to 1.5%, as set by the Board.

HB 377 increased revenue from the members, employers and the State as follows:

- Annual State contribution equal to 425 million paid to the System in monthly installments.
- One-time contribution payable to the Retirement System by the trustees of a school district maintaining a retirement fund. The one-time contribution to the Retirement System shall be the amount earmarked as an operating reserve in excess of 20% of the adopted retirement fund budget for the fiscal year 2013. The amount received was \$22 million in FY 2014.
- 1% supplemental employer contribution. This will increase the current employer rates:
  - School Districts contributions will increase from 7.47% to 8.47%
  - The Montana University System and State Agencies will increase from 9.85% to 10.85%.
  - The supplemental employer contribution will increase by 0.1% each fiscal year for fiscal year 2014 thru fiscal year 2024. Fiscal years beginning after June 30, 2024 the total supplemental employer contribution will be equal to 2%.
- Members hired prior to July 1, 2013 (Tier 1) under HB 377 are required to contribute a supplemental contribution equal to an additional 1% of the member's earned compensation.
- Each employer is required to contribute 9.85% of total compensation paid to all re-employed TRS retirees employed in a TRS reportable position to the System.

**Changes in actuarial assumptions and other inputs:**

The following changes to the actuarial assumptions were adopted in 2015:

- Correctly reflect the proportion of members that are assumed to take a refund of contributions upon termination and appropriately reflect the three-year COLA deferral period for Tier 2 Members.
- The 0.63% load applied to the projected retirement benefits of the university members “to account for larger than average annual compensation increases observed in the years immediately preceding retirement” is not applied to benefits expected to be paid to university members on account of death, disability and termination (prior to retirement eligibility).
- The actuarial valuation was updated to reflect the assumed rate of retirement for university members at age 60 is 8.50% as stated in the actuarial valuation report.
- The actuarial valuation was updated to reflect the fact that vested terminations are only covered by the \$500 death benefit for the one year following their termination and, once again when the terminated member commences their deferred retirement annuity (they are not covered during the deferral period). Additionally, only the portion of the terminated members that are assumed to “retain membership in the System” are covered by the \$500 death benefit after termination.

The following changes to the actuarial assumptions were adopted in 2014:

- Assumed rate of inflation was reduced from 3.50% to 3.25%
- Payroll Growth Assumption was reduced from 4.50% to 4.00%
- Assumed real wage growth was reduced from 1.00% to 0.75%
- Investment return assumption was changed from net of investment and administrative expenses to net of investment expenses only.
- Mortality among contributing members, service retired members, and beneficiaries was updated to the following:

For Males: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back four years, with mortality improvements projected by Scale BB to 2018.

For Females: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back two years, with mortality improvements projected by Scale BB to 2018.

- Mortality among disabled members was updated to the following:

For Males: RP 2000 Disabled Mortality Table for Males, set forward one year, with mortality improvements projected by Scale BB to 2018.

**Schedule of Contributions**  
**For the Year Ended June 30, 2020**

For Females: RP 2000 Disabled Mortality Table for Females, set forward five years, with mortality improvements projected by Scale BB to 2018.

**Method and assumptions used in calculations of actuarially determined contributions:**

Actuarial cost method	Entry age
Amortization method	Level percentage of pay, open
Remaining amortization period	26 years
Asset valuation method	4-year smoothed market
Inflation	3.25%
Salary increase	4.00% – 8.51%, including inflation for Non-University members and 5.00% for University Members
Investment rate of return	7.75%, net of pension plan investment expense, and including inflation

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees  
Gallatin Gateway Public School  
Gallatin County  
Belgrade, Montana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Gallatin Gateway Public School, Gallatin County, Montana, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Gallatin Gateway Public School's basic financial statements and have issued our report thereon dated May 13, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Gallatin Gateway Public School, Gallatin County, Montana's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Gallatin Gateway Public School, Gallatin County, Montana's internal control. Accordingly, we do not express an opinion on the effectiveness of Gallatin Gateway Public School's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described below that we consider to be material weaknesses listed as item(s) 2020-001.

**2020-001      Due from other governments**

**Condition:**

The due from other governments and intergovernmental revenues of the Other Governmental Funds were overstated at June 30, 2020.

**Context:**

We completed detail testing of the due from other government receivables to determine if they are properly recorded and collectible, and identify a due from other government receivable from the prior year that was not reversed by the District.

**Criteria:**

Under GASB 33, expenditure-driven grants are to recognize revenues when the District has incurred allowable costs and the revenues are measurable and available.

**Effect:**

The Other Governmental Fund due from other governments and intergovernmental revenues were overstated \$12,410. An audit adjustment has been prepared and posted to the financial statements to correct this misstatement.

**Cause:**

The District does not have processes in place to analyze the due from other government receivable balances being reported in the Trustee's Financial Summary (TFS) and processes to ensure that all of the due from other government receivable adjustments are properly reversed in subsequent periods when revenues are received.

**Recommendation:**

We recommend that the District implement additional processes at the end of the year to analyze the due from other government receivable balances prior to submitting the TFS to ensure the receivables being reported are related to the current fiscal year, and implement additional processes to ensure that any due from other government receivables recorded are reversed in the subsequent periods.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Gallatin Gateway Public School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Gallatin Gateway Public School's Response to Findings**

Gallatin Gateway Public School's response to the findings identified in our audit is described in the Auditee's Corrective Action Plan. Gallatin Gateway Public School's response was not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PO Box 265  
Gallatin Gateway, MT 59730

**Expected Completion Date of Corrective Action Plan:**

April 28, 2021 and the correction will be reflected on FY2021 Trustee's Financial Summary.

**CORRECTIVE ACTION PLAN**

FINDING 2020-001: Due from other governments

**Response:**

Correction was completed by inputting a reversing Journal Voucher on April 28, 2021 during the on-site visit from Denning, Downey, & Associates and when the District was alerted to error.

In the future, the District will be running a report through the accounting software system at the end each fiscal year to ensure all reversing entries from the prior fiscal year have been entered and resolved once revenues are received.

## **Agenda Item: Consider Board Meeting Dates for 2021-2022**

---

### **Recommended Motions:**

**Motion #1:** I move the Board hold regular meetings on the following dates for 2022-2022: July 2021- no regular meeting; August 18; September 15; October 20; November 17; December 15; January 19; February 16; March 9; April 20; May 18; and June 30. In addition, all meetings will be held at 6pm unless otherwise posted.

**Motion #2:** I move the Board hold agenda setting meetings on the first Friday of each month at 10am, except for July 2021, unless otherwise posted. Agenda setting meetings are intended to be a committee of the Board (chair & vice-chair, Superintendent, and District Clerk) and will be posted as open meetings.

### **Background:**

Each year the Board reviews the calendar and sets the regular meeting dates for the ensuing year. Generally, meetings are held on the 3<sup>rd</sup> Wednesday of each month per district policy—unless there is a conflict (i.e. Winter Break, Spring Break, etc).

Special meeting dates can be set now, or they can be set at later times. The most common special meetings for each year are as follows:

- Agenda Setting meetings (monthly)- currently 1st Friday of each month at 10am
- Facility Walk-through (usually in September)
- Superintendent's Formal Evaluation (usually in January)
- Business Manager's Formal Evaluation (usually in March)

### **Proposed regular meeting dates for 2021-2022:**

**July 2021-** no regular meeting

**August 18, 2021-** board must hold a budget meeting prior to August 20 and must adopt a final budget not later than August 25.

**September 15, 2021**

**October 20, 2021** -MCEL is October 20-22, consider moving to Monday, October 18, Monday, October 25, or Wednesday, October 27

**November 17, 2021**

**December 15, 2021**

**January 19, 2022**

**February 16, 2022**

**March 9, 2022** \*Spring Break- March 14-18—consider changing regular meeting to Wednesday, March 9; Monday, March 21; or Wednesday, March 23

**April 20, 2022**

**May 18, 2022**

**June 30, 2022** \*The last four years June Regular Meeting has been moved to the end of the month

**ASSISTANT DISTRICT CLERK**

Reports to and evaluated annually by: District Clerk

### MTSBA POLICY NOTES - DPHHS REGULATIONS GOVERNING SCHOOLS

The MTSBA Policy Maintenance Services Program works to help ensure your school district operates efficiently and effectively in accordance with established practices and applicable laws and regulations. MTSBA Policy Notes meets these goals by updating the MTSBA model policies with the latest legal interpretations, statutory requirements, and best practices.

The MTSBA Policy Services team has monitored [recent regulatory changes affecting school districts from the Department of Public Health and Human Services and Department of Environmental Quality](#) and has prepared necessary updates to the MTSBA Model Policy manual. This edition of MTSBA Policy Notes provides updates to the MTSBA Master Policy Manual, as explained below, and addresses the most timely updates needed to ensure compliance with the law and best practice. The above link will take readers to the DPHHS webpage outlining these regulations.

The specific policies are outlined below. The updates are divided into the follow categories: Required or Recommended Changes to Existing Policies and Required or Recommended New Policies. Districts that have previously adopted an existing model will adopt required changes and decide whether to adopt recommended changes. If a district has not previously adopted an existing model, it may do so now with the applicable changes. Districts will adopt new required policies and decide whether to adopt a new recommended policy. All of the policies are not emergency policies so they will require the number of readings specified in each district's Policy 1310.

[Please click on the links to access the policy package.](#)

#### [MTSBA Model Policy 8303 – Cleaning and Disinfecting](#)

MTSBA developed this model policy to assist districts in complying with regulatory changes governing health and hygiene requirements in schools and revisions to advised best practices. This model policy will also ensure

necessary provisions regarding health and safety are part of the district's permanent manual when emergency policies are terminated.

#### [MTSBA Model Policy 8502 – School Construction and Repairs](#)

MTSBA developed this model policy to assist districts in complying with regulatory changes governing the construction of new schools or facilities or repairs to existing schools. These regulations provide a checklist for school leaders to follow when completing a construction or repair project to ensure full compliance with health and safety regulations.

MTSBA offers both dues-based and fee-based policy services. As members of MTSBA, all districts have access to all of the MTSBA model policies, policy updates, and model staff and student handbooks through membership dues. Thank you to the over 170 districts that participate in the MTSBA Policy Maintenance Service Program. Districts that are members of the MTSBA Policy Maintenance Program have received Microsoft Word versions of the updated policies via a direct email. Those members can report back to MTSBA staff when the policies have been adopted. MTSBA staff will then update the district's policy manual as hosted on [MTSBA.org](https://www.mtsba.org).

MTSBA will continue releasing policy updates throughout 2021 on a routine basis to address emerging issues in school governance. This schedule is intended to help avoid burdening school officials with a significant number of updates at one time. If you have any other questions or suggestions about MTSBA Policy Services, [please contact me](#) at any time so we can make sure your district's policies are helping your district operate effectively and efficiently.

Thank you,

### MTSBA POLICY NOTES - SPECIAL EDITION - HB 102

MTSBA has prepared this special edition of MTSBA Policy Notes in anticipation of HB 102 taking effect on July 1, 2021. [HB 102 was legislation addressing the presence of firearms at educational facilities](#). The policy updates recognize the local control and authority of each school board of trustees to supervise the schools in the school district while complying with the legislation. Prior to implementing the policy updates, however, there are several statutes to review when determining how HB 102 and the related [LR-130](#) affect the authority school boards of trustees have on the issue of governing the presence of weapons in school buildings and on school property.

#### Regulation of Weapons in School Buildings

HB 102 and LR-130 did not amend [Section 45-8-361, MCA](#), which states, "A person commits the offense of possession of a weapon in a school building if the person purposely and knowingly possesses, carries, or stores a weapon in a school building." This statute is referenced in HB 102 and outlines the authority of a board of trustees to govern the presence of weapons in school buildings. Further, the statute gives local boards of trustees the authority to authorize the possession or storage of a firearm or weapon in a school building. This statute remains in effect and is consistent with [Article X, section 8, of the Montana Constitution](#) which authorizes school boards of trustees to exercise supervision and control over the schools in each district as provided by law.

#### Regulation of Weapons: School Visitors

MTSBA has updated [Model Policy 4332 – Conduct on School Property](#) to give school districts two options complying with HB 102 and LR-130 in a manner consistent with the Montana Constitution and Section 45-8-361, MCA. The policy gives two options for governing the conduct on visitors present on school property through the definition of "school building." Each option is supported by aspects of Montana law. The options reflect a board of trustees' authority to govern the operations of the school district consistent with the concept of local control outlined in the Montana Constitution.

Option 1 in the policy provides for an expanded definition of "school building" to not only include indoor structures enclosed by walls and a roof but also those outdoor facilities that may be used by people such as stadiums and bleachers which are leased or owned by a school district and meet the Montana Building and Construction Standards definition of building. This expanded definition prohibits the possession of firearms or weapons in all of these types of buildings. School districts considering this option must take into account the definition provided may subject the district to litigation asserting the school district is exceeding its authority as restricted by LR-130 and HB 102. Any such challenge will be subject to review in accordance with the board of trustees' authority under Article X, section 8, of the Montana Constitution.

Option 2 in the policy provides for a narrow definition of "school building" that will include indoor structures enclosed by walls and a roof but exclude outdoor facilities such as stadiums or bleachers. This definition relies on the definition of school building used in the Montana Criminal Code and by the Montana Department of Revenue. This definition will be considered consistent with LR-130 and HB 102 but may expose the school district to other challenges asserting the board of trustees has not taken all available measures to ensure a safe school setting. Any such challenge will be subject to review in accordance with the board of trustees' authority under Article X, section 8, of the Montana Constitution.

Policy 4332 also contains an option to address the presence of non-firearm weapons on school property outside school buildings as permitted by LR-130 and Article X, section 8 of the Montana Constitution.

[MTSBA Model Policy 4315 – Visitor and Spectator Conduct](#) has also been updated to refer to the update in Policy 4332 regardless of the option selected.

#### Regulation of Weapons: School Employees

To further address HB 102, MTSBA has updated [Model Policy 5223 – Personal Conduct](#) to clarify the definition of building as it relates to the authority of the school district to govern an employee's ability to possess or carry a weapon or firearm in a school building. The authority to govern employee conduct is addressed in MTSBA Model Policy 5121 – Applicability of Personnel Policies. Further, [ARM 10.55.701\(2\)\(d\)](#) requires boards to adopt policies delineating the responsibilities of staff in the district. Finally, an employment contract will bind a staff member to the policies of the district.

#### Regulation of Weapons: Students

With regard to enrolled students in public school districts, HB 102 and LR-130 did not amend [Section 20-5-202, MCA](#), which states:

*(2) (a) The trustees of a district shall adopt a policy for the expulsion of a student who is determined to have brought a firearm, as defined in 18 U.S.C. 921, to school and for referring the matter to the appropriate local law enforcement agency. A student who is determined to have brought a firearm to school under this subsection must be expelled from school for a period of not less than 1 year, except that the trustees may authorize the school administration to modify the requirement for expulsion of a student on a case-by-case basis. The trustees shall annually review the district's weapons policy and any policy adopted under this subsection (2)(a) and update the policies as determined necessary by the trustees based on changing circumstances pertaining to school safety.*

This statute prohibits students from bringing a firearm "to school." This statute is not limited to "school buildings" like the statutes in Title 45. So, to further analyze what it means to bring a firearm to school, a review of [Section 20-5-201, MCA](#), is required. This statute states students "shall comply with the policies of the trustees and rules of the school" and are under the control and authority of the teachers, principal, and district superintendent when the student "is in school or on school premises, on the way to and from school, or during intermission or recess."

This statute is consistent with [MTSBA Model Policy 3311 – Firearms and Weapons](#). Policy 3311 prohibits students from possessing "a firearm at, any setting that is under the control and supervision of the school district." The policy also prohibits students from possessing other weapons on school property. While HB 102 and LR-130 did not affect this policy, MTSBA has updated Model Policy 3311 to clarify the authority of a school district to discipline a student for possessing a firearm or weapon as outlined in the policy. [Model Policy 3310 - Student Discipline](#) was also updated to be consistent with the changes to Policy 3310.

MTSBA will continue to monitor LR-130, HB 102, and any related court action to provide additional policy updates.

Please contact MTSBA if you have any questions.

Thank you.

## MTSBA Policy Update - Policy 3413 - HB 702

MTSBA Policy Maintenance Program Members:

HB 702 passed the 2021 Legislature and was signed into law effective May 14, 2021. [Section 1 of the bill](#) that is now law provides that it is an unlawful discriminatory practice for a governmental entity to refuse, withhold from, or deny to a person any local or state services, goods, facilities, advantages, privileges, licensing, educational opportunities, health care access, or employment opportunities based on the person's vaccination status. The law also provides it is unlawful for an employer to refuse employment to a person, to bar a person from employment, or to discriminate against a person based on the person's vaccination status.

HB 702 includes an exception that specifically states the new law does not apply to the vaccines required for schools in Title 20:

*“(2) This section does not apply to vaccination requirements set forth for schools pursuant to Title 20, chapter 5, part 4, or day-care facilities pursuant to Title 52, chapter 2, part 7.”*

However, vaccines against COVID-19 vaccine aren't listed in the required school vaccines so this exception for schools in the bill doesn't apply to that specific type of immunization. This means schools can't deny access to services due to COVID-19 vaccine status or ask about COVID-19 vaccine status under the new law.

In order to address this legislation and its exception, MTSBA has prepared an adjustment to Model Policy 3413. The new law does NOT change the required vaccines for students in schools so that provision of the policy is unchanged. The new version of the policy includes a new provision stating it does not apply to vaccines against COVID-19. This ensures the policy continues to govern required vaccines but complies with the new law and its exception related to COVID-19. With this change, the Policy will accurately reflect the law as stated in the [MT-PEC Model Safe Return to School and Continuity of Services Plan](#).

Please contact me if you have questions about Policy 3413, HB 702, or the Model Safe Return to School and Continuity of Services Plan. Thank you for your continued participation in the MTSBA Policy Maintenance Program.

## Student Discipline

Students are expected to conduct themselves within the bounds set by the Board and the administrative regulations set forth by the Superintendent. Consideration for the rights and well-being of others, cooperation with all members of the school community and respect for oneself and others are the basic principles guiding student behavior.

The primary responsibility for student discipline within the school rests with the Superintendent. The primary responsibility for the maintenance of discipline within the classroom lies with the individual classroom teacher. Corporal punishment shall not be used. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Disciplinary action may be taken against any student in violation of the Student Code of Conduct. Disciplinary action may range from conferring with a teacher to expulsion from school. Continued infractions will have a cumulative effect in terms of disciplinary action.

A student is in violation of the Student Code of Conduct if the student engages in any inappropriate behavior, including but not limited to:

- Using, possessing, distributing, purchasing, or selling tobacco products, and alternative nicotine and vapor products as defined in 16-11-302, MCA.
- Using, possessing, distributing, purchasing, or selling alcoholic beverages, including powdered alcohol. Students who may be under the influence of alcohol will not be permitted to attend school functions and will be treated as though they had alcohol in their possession.
- Using, possessing, distributing, purchasing, or selling drug paraphernalia, illegal drugs, controlled substances, or any substance which is represented to be or looks like a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, or intoxicant of any kind, including such substances that contain chemicals which produce the same effect of illegal substances including but not limited to Spice and K2. Students who may be under the influence of such substances will not be permitted to attend school functions and will be treated as though they had drugs in their possession.
- Using, possessing, controlling, or transferring a firearm or other weapon in violation of the "Possession of Weapons other than Firearms" section in policy 3311.
- Using, possessing, controlling, or transferring any object that reasonably could be considered or used as a weapon as referred to in policy 3311.
- Disobeying directives from staff members or school officials or disobeying rules and regulations governing student conduct.
- Using violence, force, noise, coercion, threats, intimidation, fear, or other comparable conduct toward anyone or urging other students to engage in such conduct.
- Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's property.

- Engaging in any activity that constitutes an interference with school purposes or an educational function or any other disruptive activity.
- Unexcused absenteeism. Truancy statutes and Board policy will be utilized for chronic and habitual truants.
- Hazing or bullying.
- Forging any signature or making any false entry or attempting to authorize any document used or intended to be used in connection with the operation of a school.
- Engaging in academic misconduct which may include but is not limited to: cheating, unauthorized sharing of exam responses or graded assignment work; plagiarism, accessing websites or electronic resources without authorization to complete assigned coursework, and any other act designed to give unfair academic advantage to the student.

These grounds stated above for disciplinary action apply whenever a student's conduct is reasonably related to school or school activities, including but not limited to the circumstances set forth below:

- On school grounds before, during, or after school hours or at any other time when school is being used by a school group.
- Off school grounds at a school-sponsored activity or event or any activity or event that bears a reasonable relationship to school.
- Travel to and from school or a school activity, function, or event.
- Anywhere conduct may reasonably be considered to be a threat or an attempted intimidation of a staff member or an interference with school purposes or an educational function, a threat to the safety and welfare of the student population, or conduct that detrimentally effects the climate or efficient operations of the school.

**FIREARMS AND WEAPONS**

Firearms

For the purposes of the firearms section of this policy, the term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an antique firearm pursuant to 18 U.S.C. 921 (16).

It is the policy of the Gallatin Gateway School District to comply with the federal Gun Free Schools Act of 1994 and state law 20-5-202 (2), MCA, pertaining to students who bring a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district. **The District does not allow students to possess firearms on District property or at any setting that is under the control and supervision of the District.** In accordance with 20-5-202 (3), MCA, a teacher, superintendent, or a principal shall suspend immediately for good cause a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district. In accordance with Montana law, a student who is determined to have brought a firearm to, or possess a firearm at, any setting that is under the control and supervision of the school district must be expelled from school for a period of not less than 1 year.

However, on a case-by-case basis, the Board of Trustees will convene a hearing to review the underlying circumstances and, in the discretion of the Board, may authorize the school administration to modify the requirement for expulsion of a student.

**CHOOSE ONE OF THE FOLLOWING OPTIONS:**

**OPTION 1 – However, on a case-by-case basis, the Board of Trustees will convene a hearing to review the underlying circumstances and, in the discretion of the Board, may authorize the school administration to modify the requirement for expulsion of a student.**

**OPTION 2 – However, on a case-by-case basis, the Board of Trustees will convene a hearing to review the underlying circumstances and, in the discretion of the Board, the Board may itself either modify the requirement for expulsion or delegate to the County Superintendent the authority to carry out the Board’s decision regarding any modification of the expulsion requirement. Note: This Option is specifically for those smaller districts that have no employed administrator.**

1 OPTION 3 -- However, the Board of Trustees through this policy authorizes the  
2 Superintendent, or principal of a school without a Superintendent, to use his/her discretion  
3 on a case-by-case basis and modify the requirement of expulsion of a student if he/she  
4 deems such modification to be warranted under the circumstances. Note: Under this  
5 Option, there is no expulsion hearing unless the administration determines that the  
6 circumstances warrant a recommendation of expulsion of the student for a period of one (1)  
7 year to the Board.

8  
9  
10 A decision to change the placement of a student with a disability who has been expelled pursuant  
11 to this section must be made in accordance with the Individuals with Disabilities Education Act.

12  
13 **Possession of Weapons other than Firearms**

14 The District does not allow students to possess other weapons on school District property or at  
15 any setting that is under the control and supervision of the district. Any student found to  
16 have possessed, used or transferred a weapon on school property will be subject to discipline in  
17 accordance with the District's discipline policy. For purposes of this section, "weapon" means  
18 any object, device, or instrument designed as a weapon or through its use is capable of  
19 threatening or producing bodily harm or which may be used to inflict self-injury, including but  
20 not limited to air guns; pellet guns; BB guns; fake (facsimile) weapons; all knives; blades; clubs;  
21 metal knuckles; numchucks (also known as nunchucks); throwing stars; explosives; fireworks;  
22 mace or other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have  
23 been modified to serve as a weapon.

24  
25  
26 3311

27 Page 2 of 3

28  
29 No person student shall possess, use, or distribute any object, device, or instrument having the  
30 appearance of a weapon, and such objects, devices, or instruments shall be treated as weapons,  
31 including but not limited to weapons listed above which are broken or non-functional, look-alike  
32 guns; toy guns; and any object that is a facsimile of a real weapon. No person shall use articles  
33 designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors,  
34 etc.) to inflict bodily harm and/or intimidate, and such use will be treated as the possession and  
35 use of a weapon.

36  
37 The District will refer to law enforcement for immediate prosecution any person who possesses,  
38 carries, or stores a weapon in a school building as specified in Section 45-8-361, MCA, and the  
39 District may take disciplinary action as well in the case of a student. In addition the District will  
40 refer for possible prosecution a parent or guardian of any minor violating this policy on grounds  
41 of allowing a minor to possess, carry, or store a weapon in a school building. (45-8-361 (1) (2))

42  
43 For the purposes of this section only, "school building property" means all within school  
44 buildings in vehicles used for school purposes, or on owned or leased school land  
45 or grounds. ~~owned or leased by a local school district that are used for instruction or for~~  
46 student activities. (45-8-361 (5a))

1 “Building” specifically means a combination of any materials, whether mobile, portable, or  
2 fixed, to form a structure and the related facilities for the use or occupancy by persons or  
3 property owned or leased by a local school district that are used for instruction or for  
4 student activities as specified in Section 50-60-101(2), MCA and Section 45-8-361, MCA.  
5 The term is construed as though followed by the words “or part or parts of a building” and  
6 is considered to include all stadiums, bleachers, and other similar outdoor facilities,  
7 whether temporary or permanently fixed.  
8

9 The Board may grant persons and entities advance permission to possess, carry, or store a  
10 weapon in a school building. All persons who wish to possess, carry, or store a weapon in a  
11 school building must request permission of the Board at a regular meeting. The Board has sole  
12 discretion in deciding whether to allow a person to possess, carry, or store a weapon in a school  
13 building. (45-8-361 (3b))  
14

15 This policy does not apply to law enforcement officers acting in his or her official capacity or an  
16 individual previously authorized by the Board of Trustees to possess a firearm or weapon  
17 in a school building. (45-8-361 (3a))  
18

19 The trustees shall annually review this policy and update this policy as determined necessary by  
20 the trustees based on changing circumstances pertaining to school safety.  
21

22 *Note: Section (g) of the NCLB Section 4141 – Gun Free Requirements, carves out a very*  
23 *significant exception to the Gun Free Schools Act in that it allows a student to have “a firearm*  
24 *that is lawfully stored inside a locked vehicle on school property. . .” Montana law (20-5-202,*  
25 *MCA), on the other hand, does not provide for any exception to the expulsion requirement if a*  
26 *student has a firearm that is lawfully stored inside a locked vehicle on school property. The only*  
27 *reference to federal law in 20-5-202(2), MCA is the federal definition of a firearm. As you well*  
28 *know 20-5-202(2), MCA provides that:*

29 *(2) The trustees of a district shall adopt a policy for the expulsion of a student who is*  
30 *determined to have brought a firearm, as defined in 18 U.S.C. 921, to school and for referring*  
31 *the matter to the appropriate local law enforcement agency. A student who is determined to have*  
32 *brought a firearm to school under this subsection must be expelled from school for a period of*  
33 *not less than 1 year, except that the trustees may authorize the school administration to modify*  
34 *the requirement for expulsion of a student on a case-by-case basis.*  
35

36 3311

37 Page 3 of 3  
38

39 *So, Montana schools are required, by state law, to expel a student from school for a period of*  
40 *not less than 1 year if it is determined that the student brought a firearm to school, subject to the*  
41 *case-by-case exception noted in the statute. Based upon the exception noted in federal law and*  
42 *in circumstances where a student is found to have a firearm on school property in a locked*  
43 *vehicle, Montana schools should be citing state law (20-5-202, MCA) and district policy to*  
44 *support any recommendation for expulsion.*

45 *There is one significant inconsistency between the Federal Gun Free Schools Act and Montana*  
46 *is that under federal law it provides that “State law shall allow the chief administering officer of*

1 *a local educational agency to modify such expulsion requirement for a student on a case-by-case*  
2 *basis if such modification is in writing," whereas 20-5-202(2), MCA, provides that the trustees*  
3 *may authorize the school administration to modify the requirement for expulsion of a student on*  
4 *a case-by-case basis.*

Student Immunization

The Board requires all students to present evidence of their having been immunized against the following diseases: varicella, diphtheria, pertussis (whooping cough), poliomyelitis, measles (rubeola), mumps, rubella, and tetanus in the manner and with immunizing agents approved by the department. Haemophilus influenza type "b" immunization is required for students under age five (5).

Upon initial enrollment, an immunization status form shall be completed by the student's parent or guardian. The certificate shall be made a part of the student's permanent record.

A student who transfers into the District may photocopy immunization records in the possession of the school of origin. The District will accept the photocopy as evidence of immunization. Within thirty (30) days after a transferring student ceases attendance at the school of origin, the school shall retain a certified copy for the permanent record and send the original immunization records for the student to the school district to which the student transfers. Exemptions from one or more vaccines shall be granted for medical reasons upon certification by a physician indicating the specific nature and probable duration of the medical condition for not administering the vaccine(s). Exemptions for religious reasons must be filed annually. The statement for an exemption shall be maintained as part of the student's immunization record. The permanent file of students with exemptions shall be marked for easy identification, should the Department of Public Health and Human Services order that exempted students be excluded from school temporarily when the risk of contracting or transmitting a disease exists. Exclusion shall not exceed thirty (30) calendar days.

The administrator may allow the commencement of attendance in school by a student who has not been immunized against each disease listed in § 20-5-403, MCA, if that student has received one or more doses of the vaccine for each disease listed in 20-5-403, except that Haemophilus influenza type "b" vaccine is required only for children under 5 years of age.

The District shall exclude a student for noncompliance with the immunization laws and properly notify the parent or guardian. The local health department may seek an injunction requiring the parent to submit an immunization status form, take action to fully immunize the student, or file an exemption for personal or medical reasons.

This policy does not apply to or govern vaccinations against COVID-19. The Board does not require immunization against COVID-19 in order to enroll in the District in accordance with Montana law. District officials shall not inquire about the COVID-19 vaccination status of students, employees, or visitors. District officials shall not make decisions regarding access to District services for students, employees, or visitors based upon an individual's COVID-19 vaccination status. Students enrolled in dual credit courses in accordance with District policies may be subject to distinct immunization requirements of the applicable post-secondary institution.

## Administering Medicines to Students

“Medication” means prescribed drugs and medical devices that are controlled by the U.S. Food and Drug Administration and are ordered by a healthcare provider. It includes over-the-counter medications prescribed through a standing order by the school physician or prescribed by the student’s healthcare provider.

With the written consent and authorization of the student’s parents and a principal or other administrator, the school nurse may assign any school employee to assist students in the self-administration of medications (both prescription and over-the-counter). Assistance with self-administration of medication **is limited to the following may only rely on the following techniques:**

- verbal suggestions, prompting, reminding, gesturing, or providing a written guide for self-administering medications;
  - handing a prefilled, labeled medication holder, labeled unit dose container, syringe, or original marked, labeled container from the pharmacy to the student;
  - opening the lid of the above-referenced container for the student;
  - guiding the hand of the student to self-administer the medication;
  - holding and assisting the student in drinking fluid to assist in the swallowing of oral medications;
  - assisting with removal of a medication from a container for students with a physical disability which prevents independence in the act.
- other guidance or restrictions previously provided in writing to the school by a student’s parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian is on file.**

Except in an emergency situation, only a qualified health care professional may administer a drug or prescription drug to a student under this policy. Diagnosis and treatment of illness and the prescribing of drugs are never the responsibility of a school employee and should not be practiced by any school personnel.

## Administering Medication

The Board will permit administration of medication to students in schools. A school nurse (who has successfully completed specific training in administration of medication), pursuant to written authorization of a physician or dentist and that of a parent, an individual who has executed a caretaker relative educational authorization affidavit, or guardian, may administer medication to any student in the school or may delegate this task pursuant to Montana law.

13 ~~nurse license requirement under § 37-8-103(1)(c), MCA, who has completed training in~~  
14 ~~administration of medication, may give emergency medication to students orally or by~~  
15 ~~injection.~~

16  
17 The District may maintain a stock supply of auto-injectable epinephrine to be administered by a  
18 school nurse or other authorized personnel to any student or nonstudent as needed for actual or  
19 perceived anaphylaxis. If the district intends to obtain an order for emergency use of epinephrine in  
20 a school setting or at related activities, the district shall adhere to the requirements stated in 20-5-421,  
21 MCA.

22  
23 ~~The Board requires that there must be on record a medically diagnosed allergic condition that~~  
24 ~~would require prompt treatment to protect a student from serious harm or death.~~

25  
26 A building administrator or school nurse will enter any medication to be administered in an  
27 emergency on an individual student medication record and retain the documentation. ~~will file it in~~  
28 ~~a student's cumulative health folder.~~

### 29 Self-Administration of Medication

30  
31  
32 The District will permit students who are able to self-administer specific medication to do so  
33 provided that all of the following have occurred:

- 34  
35 • A physician or dentist provides a written order for self-administration of said medication;  
36 • Written authorization for self-administration of medication from a student's parent, an  
37 individual who has executed a caretaker relative educational authorization affidavit, or  
38 guardian is on file; and  
39 • A principal and appropriate teachers are informed that a student is self-administering  
40 prescribed medication.

### 41 42 Self-Administration or Possession of Asthma, Severe Allergy, or Anaphylaxis Medication

43  
44 Students with allergies or asthma may be authorized by the building principal or Superintendent, in  
45 consultation with medical personnel, to possess and self-administer emergency medication during the  
46 school day, during field trips, school-sponsored events, or while on a school bus. The student shall  
47 be authorized to possess and self-administer medication if the following conditions have been met:  
48

1 • A written and signed authorization from the parents, an individual who has executed a  
2 caretaker relative educational authorization affidavit, or guardians for self-administration of  
3 medication, acknowledging that the District or its employees are not liable for injury that  
4 results from the student self-administering the medication.  
5

10 • The student must have the prior written approval of his/her primary healthcare provider. The  
11 written notice from the student's primary care provider must specify the name and purpose of  
12 the medication, the prescribed dosage, frequency with which it may be administered, and the  
13 circumstances that may warrant its use.  
14

15 • Documentation that the student has demonstrated to the healthcare practitioner and the school  
16 nurse, if available, the skill level necessary to use and administer the medication.

17 • Documentation of a doctor-formulated written treatment plan for managing asthma, severe  
18 allergies, or anaphylaxis episodes of the student and for medication use by the student during  
19 school hours.  
20

21 Authorization granted to a student to possess and self-administer medication shall be valid for the  
22 current school year only and must be renewed annually.  
23

24 A student's authorization to possess and self-administer medication may be limited or revoked by the  
25 building principal or other administrative personnel.  
26

27 If provided by the parent, an individual who has executed a caretaker relative educational  
28 authorization affidavit, or guardian, and in accordance with documentation provided by the student's  
29 doctor, backup medication must be kept at a student's school in a predetermined location or locations  
30 to which the student has access in the event of an asthma, severe allergy, or anaphylaxis emergency.  
31

32 Immediately after using epinephrine during school hours, a student shall report to the school nurse or  
33 other adult at the school who shall provide follow up care, including making a 9-1-1 emergency call.  
34

### 35 Administration of Glucagons 36

37 School employees may voluntarily agree to administer glucagons to a student pursuant to §  
38 20-5-412, MCA, only under the following conditions: (1) the employee may administer  
39 glucagon to a diabetic student only in an emergency situation; (2) the employee has filed the  
40 necessary designation and acceptance documentation with the District, as required by § 20-5-  
41 412(2), MCA, and (3) the employee has filed the necessary written documentation of training  
42 with the District, as required by § 20-5-412(4), MCA. **Designation of staff is to be made by**  
43 **a parent, and individual who has executed a caretaker relative authorization affidavit,**  
44 **or guardian of a diabetic student, and school employees are under no obligation to**  
45 **agree to designation. Glucagon is to be provided by the parent or guardian. All**  
46 **documentation shall be kept on file.**  
47  
48

1 Handling and Storage of Medications

2  
3 The Board requires that all medications, including those approved for keeping by students for self-  
4 medication, be first delivered by a parent, an individual who has executed a caretaker relative  
5 educational authorization affidavit, or other responsible adult to a nurse or employee assisting with  
6 self-administration of medication. A nurse or assistant:

- 7  
8 • Must examine any new medication to ensure it is properly labeled with dates, name of  
9 student, medication name, dosage, and physician's name;  
10 • Must develop a medication administration plan, if administration is necessary for a student,  
11 before any medication is given by school personnel;

12 3416  
13 Page 4 of 4  
14

- 15 • Must record on the student's individual medication record the date a medication is  
16 delivered and the amount of medication received;  
17 • Must store medication requiring refrigeration at 36° to 46° F;  
18 • Must store prescribed medicinal preparations in a securely locked storage compartment; and  
19 • Must store controlled substances in a separate compartment, secured and locked at all times.  
20 • **Shall store controlled substances in a separate compartment, secured and locked at all**  
21 **times.**  
22 • **All non-emergency medication shall be kept in a locked, nonportable container, stored**  
23 **in its original container with the original prescription label. Epinephrine, naloxone, and**  
24 **student emergency medication may be kept in portable containers and transported by**  
25 **the school nurse or other authorized school personnel.**  
26 • **Food is not allowed to be stored in refrigeration unit with medications.**  
27

28 The District will permit only a forty-five-(45)-school-day supply of a medication for a student to be  
29 stored at a school; and all medications, prescription and nonprescription, will be stored in their  
30 original containers.

31  
32 The District will limit access to all stored medication to those persons authorized to administer  
33 medications or to assist in the self-administration of medications. The District requires every school  
34 to maintain a current list of those persons authorized by delegation from a licensed nurse to  
35 administer medications.  
36

37 **The District may maintain a stock supply of auto-injectable epinephrine to be administered**  
38 **by a school nurse or other authorized personnel to any student or nonstudent as needed for**  
39 **actual or**  
40 **perceived anaphylaxis. If the district intends to obtain an order for emergency use of**  
41 **epinephrine in a school setting or at related activities, the district shall adhere to the**  
42 **requirements stated in law.**  
43

44  
45 The District may maintain a stock supply of an opioid antagonist to be administered by a school nurse or  
46 other authorized personnel to any student or nonstudent as needed for an actual or perceived opioid  
47 overdose. A school that intends to obtain an order for emergency use of an opioid antagonist in a school  
48 setting or at related activities shall adhere to the requirements in law.

1  
2 Disposal of Medication  
3

4 The District requires school personnel either to return to a parent, an individual who has executed a  
5 caretaker relative educational authorization affidavit, or guardian or, with permission of the parent, an  
6 individual who has executed a caretaker relative educational authorization affidavit, or guardian, to  
7 destroy any unused, discontinued, or obsolete medication. A school nurse, in the presence of a witness,  
8 will destroy any medicine not repossessed by a parent or guardian within a seven-(7)-day period of  
9 notification by school authorities.  
10

11 **Medical sharps shall be disposed of in an approved sharps container. Building**  
12 **administrators should contact the school nurse or designated employee when such a**  
13 **container is needed. Sharps containers are to be kept in a secure location in the school**  
14 **building. Disposal of sharps container, medical equipment, and personal protective**  
15 **equipment is the responsibility of the school nurse or designated employee in accordance**  
16 **with the Montana Infectious Waste Management Act and the manufacture guidelines**  
17 **specific to the container or equipment.**

Communicable Diseases

*Note: For purposes of this policy, the term "communicable disease" refers to the diseases identified in 37.114.203, ARM, Reportable Diseases, with the exception of common colds and flu.*

In all proceedings related to this policy, the District will respect a student's right to privacy. **All applicable district policies and handbook provision governing confidentiality of student medical information remain in full effect.**

Although the District is required to provide educational services to all school-age children who reside within its boundaries, it may deny attendance at school to any child diagnosed as having a communicable disease that could make a child's attendance harmful to the welfare of other students. The District also may deny attendance to a child with suppressed immunity in order to protect the welfare of that child when others in a school have an infectious disease, which, although not normally life threatening, could be life threatening to a child with suppressed immunity.

**The District shall provide soap and disposable towels or other hand-drying devices shall be available at all handwashing sinks. Common-use cloth towels are prohibited. Sanitary napkin disposal shall be provided for girls of age ten or older and in teachers' toilet rooms and nurses' toilet rooms. The District shall provide either sanitary napkin dispensers in the girls', nurses', and teachers' toilet rooms or some other readily available on-site access to sanitary napkins.**

The Board recognizes that communicable diseases that may afflict students range from common childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as human immunodeficiency virus (HIV) infection. The District will rely on advice of the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff.

The District will manage common communicable diseases in accordance with Montana Department of Public Health and Human Services guidelines and communicable diseases control rules. The District may temporarily exclude from school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting. **Offsite instruction will be provided during the period of absence in accordance with Policy 2050. If a student develops symptoms of any reportable communicable or infectious illness as defined while at school, the responsible school officials shall do the following:**

- a. **isolate the student immediately from other students or staff; and**
- b. **inform the parent or guardian as soon as possible about the illness and request him or her to pick up the student.; and**

1 c. consult with a physician, other qualified medical professional, or the local county  
2 health authority to determine if report the case should be reported to the local health  
3 officer.

4  
5  
6 Students who complain of illness at school may be referred to a school nurse or other responsible person  
7 designated by the Board and may be sent home as soon as a parent or person designated on a student's  
8 emergency medical authorization form has been notified. The District reserves the right to require a  
9 statement from a student's primary care provider authorizing a student's return to school.

10  
11 When information is received by a staff member or a volunteer that a student is afflicted with a serious  
12 communicable disease, the staff member or volunteer will promptly notify a school nurse or other  
13 responsible person designated by the Board to determine appropriate measures to be taken to protect  
14 student and staff health and safety. A school nurse or other responsible person designated by the Board,  
15 after consultation with and on advice of public health officials, will determine which additional staff  
16 members, if any, have need to know of the affected student's condition.

17  
18 Only those persons with direct responsibility for the care of a student or for determining appropriate  
19 educational accommodation will be informed of the specific nature of a condition, if it is determined that  
20 such individuals need to know this information.

21  
22 The District may notify parents of other children attending a school that their children have been exposed  
23 to a communicable disease without identifying the particular student who has the disease.

### 24 Healthy Hand Hygiene Behavior

25  
26  
27 All students, staff, and others present in the any school building shall engage in hand  
28 hygiene at the following times, which include but are not limited to:

- 29 a. Arrival to the facility and after breaks  
30 b. Before and after preparing, eating, or handling food or drinks  
31 c. Before and after administering medication or screening temperature  
32 d. After coming in contact with bodily fluid  
33 e. After recess  
34 f. After handling garbage  
35 g. After assisting students with handwashing  
36 h. After use of the restroom

37  
38 Hand hygiene includes but is not limited to washing hands with soap and water for at least  
39 20 seconds. If hands are not visibly dirty, alcohol-based hand sanitizers with at least 60%  
40 alcohol can be used if soap and water are not readily available.

41  
42 Staff members shall supervise children when they use hand sanitizer and soap to prevent  
43 ingestion. Staff members shall place grade level appropriate posters describing  
44 handwashing steps near sinks.

Spectator Conduct and Sportsmanship for Athletic and Co-Curricular Events

Any person, including an adult, who behaves in an unsportsmanlike manner during an athletic or co-curricular event may be ejected from the event and/or denied admission to school events for up to a year after a Board hearing. Examples of unsportsmanlike conduct include but are not limited to:

- Using vulgar or obscene language or gestures;
- Possessing or being under the influence of any alcoholic beverage or illegal substance;
- Possessing a weapon or firearm in violation of Policy 4332;
- Fighting or otherwise striking or threatening another person;
- Failing to obey instructions of a security officer or District employee; and
- Engaging in any illegal or disruptive activity.

The Superintendent may seek to deny future admission to any person by delivering or mailing a notice by certified mail with return receipt requested, containing:

4. Date, time, and place of a Board hearing;
5. Description of the unsportsmanlike conduct; and
6. Proposed time period admission to school events will be denied.

COMMUNITY RELATION

Conduct on School Property

In addition to prohibitions stated in other District policies, no person on school property **who is not an enrolled student or District employee** shall **not**:

- Injure or threaten to injure another person;
- Damage another’s property or that of the District;
- Violate any provision of the criminal law of the state of Montana or town or county ordinance;
- Smoke or otherwise use tobacco or nicotine products, including alternative nicotine and vapor products as defined in 16-11-302, MCA, or other similar products;
- Consume, possess, or distribute alcoholic beverages, illegal drugs, or possess weapons (as defined in Policy 3310/3311) at any time;
- Impede, delay, or otherwise interfere with the orderly conduct of the District’s educational program or any other activity occurring on school property;

**Optional: Possess a non-firearm weapon as defined in this policy;**

- Enter upon any portion of school premises at any time for purposes other than those which are lawful and authorized by the Board; or
- Willfully violate other District rules and regulations.

**For the purposes of this policy,** “School property” means within school buildings, in vehicles used for school purposes, or on owned or leased **land or** school grounds. District administration will take appropriate action, as circumstances warrant **to enforce this section of the policy including but not limited to requesting the assistance of law enforcement in accordance with Montana law.**

**Firearms and Weapons**

**A person who is not an enrolled student or District employee shall not possess any firearm or other non-firearm weapon in a school building at any time.**

1 For the purposes of this policy, the term “firearm” means (A) any weapon which will or is  
2 designed to or may readily be converted to expel a projectile by the action of an explosive;  
3 (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer;  
4 or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an  
5 antique firearm pursuant to 18 U.S.C. 921 (16).  
6

7 For purposes of this policy, “non-firearm weapon” means any object, device, or instrument  
8 designed as a weapon or through its use is capable of intimidating, threatening or  
9 producing bodily harm or which may be used to inflict injury, including but not limited to  
10 air guns; pellet guns; BB guns; fake or facsimile  
11

13 weapons; all knives; blades; clubs; metal knuckles; nunchucks; throwing stars; explosives;  
14 fireworks; mace or other propellants; stun guns; ammunition; poisons; chains; arrows;  
15 and objects that have been modified to serve as a weapon.  
16

17  
18 District administrators are authorized to appropriate action, as circumstances warrant, to  
19 enforce this section of the policy including but not limited to requesting the assistance of  
20 law enforcement in accordance with Montana law.  
21

22 This section does not apply to a law enforcement officer acting in the officer’s official  
23 capacity or an individual previously authorized by the Board of Trustees to possess a  
24 firearm or weapon in a school building.  
25

26 The Board of Trustees shall annually review this policy and update this policy as  
27 determined necessary by the trustees based on changing circumstances pertaining to school  
28 safety.  
29

30 Definitions: Districts will select Option 1 or Option 2  
31

32 Option 1 provides for an expanded definition of “school building” to not only include  
33 indoor structures enclosed by walls and a roof but also those outdoor facilities that may be  
34 used by people such as stadiums and bleachers which are leased or owned by a school  
35 district and meet the Montana Building and Construction Standards definition of building.  
36 This expanded definition prohibits the possession of firearms or weapons in all of these  
37 types of buildings. School districts considering this option must take into account the  
38 definition provided may subject the district to litigation asserting the school district is  
39 exceeding its authority as restricted by LR-130 (2020) and HB 102 (2021). Any such  
40 challenge will be subject to review in accordance with the board of trustees’ authority  
41 under Article X, section 8, of the Montana Constitution.  
42

43 Option 2 provides for a narrow definition of “school building” that will include indoor  
44 structures enclosed by walls and a roof but exclude outdoor facilities such as stadiums or  
45 bleachers. This definition relies on the definition of school building used in the Montana  
46 Criminal Code and by the Montana Department of Revenue. This definition may be

1 considered consistent with LR-130 (2020) and HB 102 (2021) but may expose the school  
2 district to other challenges asserting the board of trustees has not taken all available  
3 measures to ensure a safe school setting. Any such challenge will be subject to review in  
4 accordance with the board of trustees' authority under Article X, section 8, of the Montana  
5 Constitution.

6  
7 **Option 1: For the purposes of this policy, "School building" means a combination of any**  
8 **materials, whether mobile, portable, or fixed, to form a structure and the related facilities**  
9 **for the use or occupancy by persons or property owned or leased by a local school district**  
10 **that are used for instruction or for student activities as specified in Section 50-60-101(2),**  
11 **MCA and Section 45-8-361, MCA. The term is construed as though followed by the words**  
12 **"or part or parts of a building" and is considered to include all stadiums, bleachers, and**  
13 **other similar outdoor facilities, whether temporary or permanently fixed.**

14  
15 **Option 2: For the purposes of this policy, "School building" means an enclosed structure**  
16 **with external walls and a roof owned or leased by a local school district that are used for**  
17 **instruction or for student activities as specified in ARM 42.4.201(2) and Section 45-8-361,**  
18 **MCA. The term is construed to exclude all stadiums, bleachers, and other similar outdoor**  
19 **facilities.**

## PERSONNEL

---

### Personal Conduct

School District employees will abide by all district policies, state and federal laws in the course of their employment. Where applicable, employees will abide by and honor the professional educator code of conduct.

Employees are expected to maintain high standards of honesty, integrity, and impartiality in the conduct of District business. All employees shall maintain appropriate employee-student relationship boundaries in all respects, including but not limited to personal, speech, print, and digital communications. Failure to honor the appropriate employee student relationship boundary will result in a report to the Department of Public Health and Human Services and the appropriate law enforcement agency.

While on school property, employees shall not injure or threaten to injure another person; damage another's property or that of the District; or use, control, possess or transfer any weapon or item that could be reasonably considered to be a weapon as defined in Policies 3310 and 3311. "School property" means within school buildings, in vehicles used for school purposes, or on grounds leased or owned by the school district.

In accordance with state law, an employee should not dispense or utilize any information gained from employment with the District, accept gifts or benefits, or participate in business enterprises or employment that creates a conflict of interest with the faithful and impartial discharge of the employee's District duties. A District employee, before acting in a manner which might impinge on any fiduciary duty, may disclose the nature of the private interest which would create a conflict. Care should be taken to avoid using or avoid the appearance of using official positions and confidential information for personal advantage or gain.

Further, employees are expected to hold confidential all information deemed not to be for public consumption as determined by state law and Board policy. Employees also will respect the confidentiality of people served in the course of an employee's duties and use information gained in a responsible manner. The Board may discipline, up to and including discharge, any employee who discloses confidential and/or private information learned during the course of the employee's duties or learned as a result of the employee's participation in a closed (executive) session of the Board. Discretion should be used even within the school system's own network of communication and confidential information should only be communicated on a need to know basis.

Administrators and supervisors may set forth specific rules and regulations governing staff conduct on the job within a particular building.

1 Firearms and Weapons

2  
3 Employees of the District shall not injure or threaten to injure another person; damage  
4 another's property or that of the District; or possess any firearm or other non-firearm  
5 weapon on school property at any time.  
6

7 For the purposes of this policy, the term "firearm" means (A) any weapon which will or is  
8 designed to or may readily be converted to expel a projectile by the action of an explosive;  
9 (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer;  
10 or (D) any destructive device pursuant to 18 U.S.C. 921 (4). Such term does not include an  
11 antique firearm pursuant to 18 U.S.C. 921 (16).  
12

13 For purposes of this policy, "non-firearm weapon" means any object, device, or instrument  
14 designed as a weapon or through its use is capable of intimidating threatening or  
15 producing bodily harm or which may

16 5223

17 Page 2 of 2

18  
19 be used to inflict injury, including but not limited to air guns; pellet guns; BB guns; fake or  
20 facsimile weapons; all knives; blades; clubs; metal knuckles; nunchucks; throwing stars;  
21 explosives; fireworks; mace or other propellants; stun guns; ammunition; poisons; chains;  
22 arrows; and objects that have been modified to serve as a weapon.  
23

24 District administrators are authorized to appropriate action, as circumstances warrant, to  
25 enforce this section of the policy including but not limited to requesting the assistance of  
26 law enforcement in accordance with Montana law.  
27

28 For the purposes of this policy, "school property" means within school buildings, in  
29 vehicles used for school purposes, or on owned or leased school land or grounds.  
30 "Building" specifically means a combination of any materials, whether mobile, portable, or  
31 fixed, to form a structure and the related facilities for the use or occupancy by persons or  
32 property owned or leased by a local school district that are used for instruction or for  
33 student activities as specified in Section 50-60-101(2), MCA and Section 45-8-361, MCA.  
34 The term is construed as though followed by the words "or part or parts of a building" and  
35 is considered to include all stadiums, bleachers, and other similar outdoor facilities,  
36 whether temporary or permanently fixed.  
37

38 This section does not apply to a law enforcement officer acting in the officer's official  
39 capacity or an individual previously authorized by the Board of Trustees to possess a  
40 firearm or weapon in a school building.  
41

42 The Board of Trustees shall annually review this policy and update this policy as  
43 determined necessary by the trustees based on changing circumstances pertaining to school  
44 safety.

Prevention of Disease Transmission

All District personnel shall be advised of routine procedures to follow in handling body fluids. These procedures, developed in consultation with public health and medical personnel, shall provide simple and effective precautions against transmission of diseases to persons exposed to the blood or body fluids of another. The procedures shall follow standard health and safety practices. No distinction shall be made between body fluids from individuals with a known disease or infection and from individuals without symptoms or with an undiagnosed disease.

The District shall provide training on procedures on a regular basis. Appropriate supplies shall be available to all personnel, including those involved in transportation and custodial services.

**The District shall provide soap and disposable towels or other hand-drying devices shall be available at all handwashing sinks. Common-use towels are prohibited. The District shall provide sanitary napkin disposal in teachers' toilet rooms and nurses' toilet rooms. The District shall provide either sanitary napkin dispensers in the girls', nurses', and teachers' toilet rooms or some other readily available on-site access to sanitary napkins.**

**If a staff member develops symptoms of any reportable communicable or infectious illness while at school, the responsible school officials shall do the following:**

- (a) isolate the staff member immediately from students or staff**
- (b) consult with a physician, other qualified medical professional, or the local county health authority to determine if the case should be reported.**

**Healthy Hand Hygiene Behavior**

**All staff and volunteers present in any school building shall engage in hand hygiene at the following times, which include but are not limited to:**

- (a) Arrival to the facility and after breaks**
- (b) Before and after preparing, eating, or handling food or drinks**
- (c) Before and after administering medication or screening temperature**
- (d) After coming in contact with bodily fluid**
- (e) After recess**
- (f) After handling garbage**
- (g) After assisting students with handwashing**
- (h) After use of the restroom**

**Hand hygiene includes but is not limited to washing hands with soap and water for at least 20 seconds. If hands are not visibly dirty, alcohol-based hand sanitizers with at least 60% alcohol can be used if soap and water are not readily available.**

## Breastfeeding in the School and Workplace

The District recognizes that breastmilk is the optimal food for growth and development of infants and it encourages employees and management to have a positive, accepting attitude toward working women and breastfeeding. The District promotes and supports breastfeeding and the expression of breastmilk by employees who are breastfeeding when they return to work.

Discrimination and harassment of breastfeeding mothers in any form is unacceptable and will not be tolerated at the District. Any incident of harassment of a breastfeeding employee will be addressed in accordance with the District's Uniform Grievance Procedure.

## Time to Express Milk or Breastfeed (Lactation Time)

Lactation times shall be established for each employee based on her work schedule. If possible, the lactation time is to run concurrently with any break time already provided. If a break time is not provided, the District shall consider each case and make accommodations as possible. Lactation time beyond the regular break time is unpaid.

The District is not required to provide break time if to do so would unduly disrupt the District's operations. Supervisors are encouraged to consider flexible schedules when accommodating employees' needs. Building administrators are authorized to work with teachers to provide students necessary time to express milk for a child.

## Space and Equipment for Expressing Milk or Breastfeeding

Employees or students shall be provided the use of a clean, comfortable space or "Lactation Area." A toilet shall not serve as the lactation area.

The Lactation Area will:

- be equipped with an electrical outlet
- be in close proximity to the employee's work area, if possible
- contain comfortable seating
  - Access to a place to store breastmilk safely
  - Building administrators shall ensure those employees or students in need of such accommodations be aware of them prior to maternity leave

### Air Quality Restrictions on Outdoor Activities, Practice and Competition

Each school district is responsible for ensuring the safety of its students and student athletes when participating in physical education, recess, practices or athletic contests.

The Gallatin Gateway School District Board of Trustees and Administration will use the Recommendations for Outdoor Activities Based on Air Quality for Schools guidelines, developed by the Montana Department of Environmental Quality (DEQ) and the DEQ's Air Data Map, as the determining factor when making a decision to allow or not allow students to participate in outdoor activities and contests.

The Gallatin Gateway School District Board of Trustees and Administration have developed the following protocol for determination of allowing students and student athletes to participate in outdoor activities when Air Quality Restrictions have reached the Unhealthy for Sensitive Groups or higher categories as indicated on the DEQ guidelines.

1. The Gallatin Gateway School District will use [air quality monitor] AND/OR [the Bozeman geographical spot on the todaysair.mt.gov website] **CHOOSE ONE OR BOTH** to determine the air quality for our school district.
2. The following personnel will make the decision to hold or cancel outdoor activities, practices, or contests:
  - a. Recess (all levels) Superintendent
  - b. Junior High practices (all levels) Superintendent
  - c. Junior High contests (all levels) Superintendent
  - d. All outdoor activities, (all levels) Superintendent
3. The decision to hold or cancel outdoor activities will be made one hour in advance of the activity.
4. The notice to hold or cancel an outdoor activity will be communicated to:
  - a. Students through staff
  - b. Staff through email
  - c. Coaches through email
  - d. Parents through email
  - e. Community through email

The superintendent or an employee designated by the superintendent is authorized to establish a procedure to limit the infiltration of outside air into each school during poor air quality conditions.

5 Indoor Air Quality

6  
7 The District shall ensure ventilation systems operate properly and increase circulation of outdoor  
8 air as much as possible. District ventilation systems shall undergo annual checks by the school  
9 facility manager, superintendent or other staff approved by the superintendent to ensure  
10 ventilation systems are operating within manufacturer parameters.

11  
12 Air filters in the District shall have a minimum efficiency reporting value of between 8 and 13  
13 as recommended by the National Air Filtration Association and the EPA unless other types of  
14 non-MERV rated filters are used.

15  
16 To the greatest extent possible during times of poor outdoor air quality, the District shall  
17 change filters to MERV 13 or greater in ventilation systems using MERV rated air filters. The  
18 District shall clean any electrostatic air filters according to manufacturer specifications.

19  
20 The school facility manager, superintendent or other staff approved by the superintendent

Food Services

The District supports the philosophy of the National School Lunch Program and will provide wholesome, appetizing, and nutritious meals for children in District schools. The Superintendent will establish rules for the sale of foods during the school day. To encourage students to eat nutritious lunches, competitive food services will not be permitted to operate anywhere on school premises during or for a period of 1 hour before and after the lunch period. The principal may authorize any food sales of an occasional nature.

The Board may authorize a portion of federal funds received in lieu of taxes to be used to provide free meals for federally connected indigent students. Because of the potential liability of the District, the food services program will not accept donations of food without approval of the Board. Should the Board approve a food donation, the Superintendent will establish inspection and handling procedures for the food and determine that provisions of all state and local laws have been met before selling the food as part of school meals.

**As an integral part of a school, the District’s food service is operated in compliance with ARM Title 37, chapter 110, subchapter 2, rules for food service establishments.**

Commodities

**The District shall use food commodities made available under the Federal Food Commodity Program for school meals.**

Free and Reduced-Price Food Services

The District will provide free and reduced-price meals to students, according to the terms of the National School Lunch Program and the laws, rules, and regulations of the state. The District will inform parents of the eligibility standards for free or reduced-price meals. Identity of students receiving free or reduced-price meals will be confidential, in accordance with National School Lunch Program guidelines. A parent has the right to appeal to a designated hearing official any decision with respect to his or her application for free or reduced-price food services.

Operation and Maintenance of District Facilities

The District seeks to maintain and operate its facilities in a safe and healthful condition. The Superintendent shall provide for a program to maintain the facilities of the District, and the Board shall annually (or as necessary) inspect the District facilities as part of its duties.

In addition, the Board believes the District must identify and measure risks of loss that may result from damage to or destruction of District property or claims against the District by persons claiming to have been harmed by action or inaction of the District, its officers or staff. The District will implement a risk management program to reduce or eliminate risks where possible and to determine which risks the District can afford to assume.

The District shall permit representatives of DPHHS or local health authority to enter any school at any reasonable time for the purpose of making inspections to determine compliance with applicable regulations. DPHHS or local health authority may determine that special circumstances or local conditions warrant inspections with greater or less frequency. Upon receiving a complaint, the local health authority may determine if more inspections are necessary.

Inspections of school facilities shall be done using forms approved by the DPHSS. Inspection records shall be kept on file at the school for at least three years from the time of inspection. Following each inspection, representatives of the DPHHS or local health authority shall give the school administration a copy of an inspection report which notes any deficiencies and sets a time schedule for compliance. The report shall document deficiencies.

The District shall comply with the Building and Fire Safety Codes administered by the State Building Codes Division and the State Fire Marshal or by local building officials.

Laundry Facilities

Laundries operated in conjunction with or utilized by the District shall be provided with:

- a. a mechanical washer and hot air tumble dryer. Manual washing and line drying of towels and other laundry items is prohibited. Dryers shall be properly vented to prevent maintenance problems and buildup of moisture.
- b. a hot water supply system capable of supplying water at a temperature of 120°F to the washer during all periods of use.
- c. sufficient separation between the area used for sorting and storing soiled laundry

1  
2  
3  
4  
5 and the area used for folding and storing clean laundry to prevent the  
6 possibility of cross-contamination.

- 7 d. separate carts for transporting soiled and clean laundry.  
8 e. handwashing facilities including sink, soap, and disposable towels. A soak  
9 sink may double as a handwashing sink.

10  
11 Towels and other laundry items shall be machine washed at a minimum temperature of  
12 120°F for a minimum time of ten minutes and dried to greater or equal to 130°F for ten  
13 minutes in a hot air tumble dryer.

#### 14 Solid Waste and Recycling

15  
16  
17 In order to ensure that solid waste, including recycling material, is safely stored and  
18 disposed of, the School District shall:

- 19  
20 (a) store all solid waste between collections in containers which have lids, are  
21 corrosion-resistant, and are constructed to minimize pest attraction and  
22 harborage;  
23 (b) clean all solid waste containers with sufficient frequency to maintain them in a  
24 condition which minimizes pest attraction;  
25 (c) for exterior containers other than dumpsters or compactors, utilize stands  
26 which prevent the containers from being tipped, protect them from  
27 deterioration, and allow easy cleaning below and around them. Further,  
28 dumpsters or compactors shall be located on or above a smooth surface of  
29 non-absorbent material, such as concrete or asphalt, that is maintained in  
30 clean and good condition;  
31 (d) transport, or utilize a private or municipal hauler to transport, the solid waste  
32 at least weekly to a landfill site approved by the DEQ in a covered vehicle or  
33 covered containers.

#### 34 Physical Requirements

35  
36  
37 The School District shall comply with the following physical requirements:

- 38  
39 (a) Floors, walls, and ceilings in toilet, locker, and shower rooms, laundries,  
40 janitorial closets, and similar rooms subject to large amounts of moisture shall be  
41 maintained in a smooth and non-absorbent condition. Non-absorbent, non- skid  
42 floor matting may be used where appropriate to prevent injury.  
43 (b) Adequate coat/jacket and book storage for each student shall be provided;  
44 (c) Livestock and poultry shall be located more than 50 feet from food service  
45 areas, offices, or classrooms except those offices and classrooms associated  
46 with animal husbandry activities or other demonstrations as approved by the

1 school administration. In classrooms, offices, or food service areas where  
2 livestock and poultry are approved by the administrator, animals shall not  
3 have contact with

5 Noxious Plant and Animal Control

6  
7 Each school and school site shall be maintained free of harborage for insects, rodents, and other  
8 pests. Extermination methods and other measures to control pests shall conform with the  
9 requirements of the DPHHS or the local health authority.

10  
11 All areas shall be maintained free of accumulation of debris or standing water which may  
12 provide harborage for pests.

13  
14 Storage areas shall be maintained so as to prevent pest harborage. Lumber, pipe, and other  
15 building materials shall be stored neatly.

16  
17 The growth of brush, weeds, and grass shall be controlled to prevent harborage of pests. School  
18 grounds shall be maintained to prevent the growth of noxious weeds considered detrimental to  
19 health.

20  
21 Integrated Pest Management Plan

22  
23 The District has developed and implemented an Integrated Pest Management (IPM) program.  
24 Students, parents, and staff shall be notified when chemicals for IPM are going to be used. The  
25 school IPM shall include strategies to prevent the spread of pests.

26  
27 The facility manager, superintendent or other staff approved by the superintendent shall,  
28 whenever practical, ensure the use of nonchemical methods to control pests, including  
29 proper sanitation practices, structural repair, and window screens.

30  
31 Pesticide Application Notification

32  
33 Except as otherwise provided in this policy, the District shall notify parents or guardians of  
34 students of the application of a pesticide to an area of the school that is used by or is accessible  
35 to students least 24 hours before the application. The notification shall state the following:

- 36  
37 (a) A description of the area where the pesticide will be applied;  
38 (b) The date and approximate time of application;  
39 (c) The common or brand name of each pesticide to be used;  
40 (d) The targeted pests to be controlled by the pesticide;  
41 (e) Each active ingredient in the pesticide;  
42 (f) The EPA registration number;  
43 (g) The telephone contact number, if any, on the label of the pesticide for additional  
44 information about each pesticide; and  
45 (h) A contact name and telephone number at the school.  
46 (i) If the application will be outdoors, the notification shall also include three dates in  
47 chronological order in case the preceding date is canceled due to weather.  
48  
49  
50
- 

1  
2  
3 During the school year, the notification required by this policy shall be made by individual  
4 notice delivered by phone, face-to-face oral communication, electronic mail, postal mail,  
5 or facsimile. The Board of Trustees authorizes the superintendent or other staff approved  
6 by the superintendent to develop a registration system to provide this notification only to  
7 those parents who wish to receive the notification. The registration shall provide written  
8 notice to the parents or guardians of the student at the beginning of the school year, or  
9 upon a child's enrollment, that pesticides may be used in or around the school. The  
10 administrator shall develop methods to permit each parent or guardian how to register to  
11 be notified at least 24 hours before a pesticide treatment.

12  
13 If pesticides are used outside the school year and the school is open or to be accessible by the  
14 public, the notification required shall be prominently posted in a conspicuous location on the  
15 school premises at least 24 hours before the pesticide application is scheduled to occur.

16  
17 Immediately before starting the application of a pesticide, the certified applicator shall post in  
18 the area of the school where the pesticide is to be applied, a sign 8.5x11-inch in size, or  
19 greater. Fonts shall be no smaller than 26 point (one-fourth inch). The administrator shall  
20 ensure the sign remains posted and students are kept out of the treated area until the reentry  
21 interval on the label, if any, has expired, or, if the label does not specify a reentry interval, for  
22 at least 24 hours.

#### 23 24 Emergency Pesticide Application

25  
26 The superintendent or other staff approved by the superintendent may authorize an immediate  
27 pesticide treatment without prior notification if the superintendent determines an emergency  
28 exists. An emergency includes an immediate and unanticipated threat to the health and safety  
29 of the individuals at the school. If a school administrator authorizes an emergency pesticide  
30 application all the information that is required in a notice under this policy shall be included  
31 in the record maintained as required by this policy

#### 32 33 Exceptions to the Notice Requirements

34  
35 The following pesticide applications are not subject to the notification or posting  
36 requirements of this rule:

- 37  
38 (a) Applications of antimicrobial pesticides;  
39 (b) An application where the school remains unoccupied for a continuous 72- hour  
40 period following the application of the pesticide;  
41 (c) Applications of rodenticides in tamper-resistant bait stations or in areas  
42 inaccessible to students; and

Facility Cleaning and Maintenance

District personnel shall routinely both clean by removing germs, dirt and impurities and, when necessary, disinfect by using chemicals to kill germs on all surfaces and objects in any school building and on school property that are frequently touched. This process shall include cleaning objects/surfaces not ordinarily cleaned daily.

Personnel shall clean with the cleaners typically used and will use all cleaning products according to the directions on the label. When necessary, personnel shall disinfect with common EPA-registered household disinfectants. Personnel shall follow the manufacturer's instructions for all cleaning and disinfection products.

When necessary, the District shall provide EPA-registered disposable wipes to teachers, staff, and secondary students so that commonly used surfaces (e.g., keyboards, desks, remote controls) can be wiped down before use. The superintendent or other staff approved by the superintendent are required to ensure adequate supplies to support cleaning and disinfection practices. Specifically, the District shall comply with the following cleaning and maintenance requirements:

- (a) Daily cleaning and maintenance services will be provided whenever the school is in use.
- (b) Each janitor room will be kept clean, ventilated, lockable, and free from odors.
- (c) Soiled mop heads will be changed frequently, using laundered replacements.
- (d) Toilets, lavatories, and showers will not be used for washing and rinsing of mops, brooms, brushes, or any other cleaning device.
- (e) Cleaners used in cleaning showers, lavatories, urinals, toilet bowls, toilet seats, and floors will contain fungicides or germicides.
- (f) Deodorizers and odor-masking agents will not be used
- (g) Toilet bowl brushes, mops and sponges will be used only for cleaning toilet bowls and urinals and will be stored separately from other cleaning devices. Cleaning devices used for lavatories and showers may not be used for any other purposes.
- (h) Dry dust mops and dry dust cloths for cleaning purposes are prohibited, except for use on gymnasium floors. Only treated mops, wet mops, treated cloths, moist cloths or other means approved by the DPHSS or local health authority which will not spread soil from one place to another may be used for dusting and cleaning, with the exception of gymnasium floors.
- (i) All furnishings, fixtures, floors, walls, and ceilings will be clean and in good repair as outlined in this Policy.
- (j) Cleaning compounds and pesticides will be stored, used, and disposed of in accordance with the manufacturer's instructions.
- (k) Safety data sheets will be kept with all cleaning supplies in the area where the cleaning supplies are located.
- (l) As current non-green cleaning supplies are depleted it is recommended that they are

- 1  
2  
3  
4 replaced with cleaning products that are "Green Products."  
5 (m) All cleaning supplies need to have an EPA registration number, a "use by" reading  
6 letter, be stored with approved ventilation, and stored out of the reach of students.  
7 (n) All vomit, blood, and fecal matter including diarrhea will be cleaned using  
8 appropriate personal protective equipment. Cleaning supplies and personal protective  
9 equipment used for vomit, blood, and fecal matter clean-up will be disposed in  
10 accordance with disposal of medical equipment in Policy 3416, if applicable. All  
11 affected areas will be disinfected in accordance with this Policy.  
12 (o) All therapeutic whirlpools will be constructed and maintained for easy cleaning.  
13 Whirlpools will be drained and sanitized after each use. Individuals with open sores or  
14 infections are prohibited from using therapeutic whirlpools.

15  
16 Assigned Cleaning and Disinfecting

17  
18 Personnel shall evaluate and identify surfaces and objects to be cleaned and disinfected in  
19 accordance with their knowledge, experience, and applicable guidance from federal, state, tribal,  
20 and local health officials. Personnel shall have access to or the opportunity to access the latest  
21 available guidance upon request to their supervisor.

22  
23 Personnel shall coordinate with colleagues and supervisors to develop a plan, schedule, and  
24 routine to regularly clean identified surfaces and objects. Personnel shall honor this plan,  
25 schedule, and routine until adjusted. Reasons for adjustment may include but are not limited to  
26 change in school schedule, absence of colleagues, availability of equipment and supplies, and  
27 federal, state, tribal or local health directives and guidance. If adjustment is necessary, personnel  
28 shall again coordinate with colleagues and supervisors to improve the plan, schedule, and  
29 routine. Personnel shall solicit and accept perspectives from colleagues and other school officials  
30 when considering improvements to the plan.

31  
32 Personnel shall prioritize cleaning frequently touched and indoor surfaces. Hard and non-porous  
33 surfaces and objects that are touched daily shall be the top priority for cleaning on a daily basis.  
34 Hard and non-porous surfaces and objects that are not indoors or have not been occupied for  
35 seven days shall be routinely cleaned. Personnel shall always use chemicals, products, and  
36 substances in a manner consistent with the applicable instructions.

37  
38 Personnel shall thoroughly clean or launder soft, porous, or fabric-based materials as permitted  
39 by location and substance. During evaluation and identification of surfaces, personnel shall  
40 consider removing soft and porous materials in high traffic areas that may increase risk of  
41 exposure.

42  
43 Personnel shall establish and maintain safe work practices in accordance with these procedures  
44 and School District policy in order to reduce the risk of exposure. If disinfection of any surface  
45  
46

1  
2  
3  
4 or item is necessary, disinfection shall occur in accordance with stated guidance and substance  
5 instructions.

6  
7 Physical Barriers and Guides

8  
9 Personnel shall review school buildings and identify areas where installation of physical barriers,  
10 such as sneeze guards and partitions, shall assist or protect students and staff. Personnel shall  
11 coordinate with building or district administrators to complete or install any identified physical  
12 barrier.

5 Water Supply Systems and Wastewater

6  
7 The District shall ensure an adequate and potable supply of water for school buildings and  
8 properties by either:

- 9
- 10 (a) connecting to a compliant public water supply system; or
- 11 (b) utilizing a non-public system whose construction and use meet the standards
- 12 published by DPHHS if the school is not utilized by more than 25 persons daily at
- 13 least 60 days out of the calendar year, including staff and students, and a
- 14 - compliant public water supply system is not accessible. When using a system
- 15 outlined in this subsection (b) a school shall submit a water sample at least
- 16 quarterly to a laboratory licensed by the DPHHS to perform microbiological
- 17 analysis of the water supplied in order to determine that the water does not exceed
- 18 the maximum microbiological contaminant levels acceptable to DPHHS.

19  
20 A water supply system of a type other than described in subsections (a) or (b) may be utilized  
21 only if it is designed by a professional engineer and offers equivalent sanitary protection as  
22 determined by DPHHS or local health authority. When using a system outlined in this  
23 paragraph, the District shall submit a water sample at least quarterly to a laboratory licensed by  
24 DPHHS to perform microbiological analysis of the water supplied in order to determine that  
25 the water does not exceed the maximum microbiological contaminant levels acceptable to  
26 DPPHS, DEQ, or local health authority.

27  
28 The District shall replace or repair the water supply system serving it whenever the  
29 water supply:

- 30
- 31 (a) contains microbiological contaminants in excess of the maximum levels
- 32 acceptable to DPPHS, DEQ, or local health authority.
- 33 (b) does not have the capacity to provide adequate water for drinking, cooking,
- 34 personal hygiene, laundry, and water-carried waste disposal.

35  
36 If the District cannot make water under pressure available, the drinking water from an approved  
37 source shall be stored in a clean and sanitized container having a tight-fitting lid and a suitable  
38 faucet apparatus for filling individual cups. In this situation, single service drinking cups shall be  
39 provided.

40  
41 Flushing and Testing

42  
43 The District shall review water systems and features including but not limited to sink faucets,  
44 drinking fountains, decorative fountains to ensure they are safe to use after a prolonged facility  
45 shutdown. Drinking fountains shall be regularly cleaned and sanitized. The District shall create  
46 and implement a flushing program unless it meets the established waiver requirements

1  
2  
3  
4 established by DEQ. Flushing shall be required following any period of time during which the  
5 school is inactive.

6  
7 The District shall maintain a schematic and inventory of fixtures in accordance with DEQ  
8 protocols as part of the District's water testing program. The District shall sample all water  
9 fountains and sinks used for food preparation. All other potential human consumption fixtures  
10 shall be sampled, unless the District receives approval for a testing plan from DEQ to test a  
11 representative sample of potential fixtures in the school in accordance with DEQ protocols. All  
12 samples shall be analyzed by a Montana certified lab using EPA-approved standard drinking  
13 water methods for the detection and quantification of lead. All test results will be considered  
14 public records.

15  
16 Wastewater

17  
18 The District shall ensure wastewater is completely and safely disposed of by:

- 19 (a) connecting to a compliant public wastewater system; or  
20 (b) if the school is not utilized by more than 25 persons daily at least 60 days out of  
21 the calendar year, including staff and students, and a compliant public wastewater  
22 system is not available, utilizing a non-public system whose construction and use  
23 meet DEQ construction and operation standards.

24  
25 If the District uses pit privies, the privies shall be operated and maintained in compliance  
26 with the standards specified in DEQ Circular-4. If the District uses a wastewater system  
27 design of a type other than described in this policy, it shall be designed by a professional  
28 engineer and offers equivalent sanitary protection as determined by the DPPHS, DEQ, or  
29 local health authority.

Lead Renovation

In accordance with the requirements of the Environmental Protection Agency (EPA), the Gallatin Gateway School District has this Lead Renovation Policy that is designed to recognize, control and mitigate lead hazards at all District owned facilities and grounds.

The Lead-based paint renovation, repair and painting program (RRP) is a federal regulatory program affecting contractors, property managers, and others who disturb painted surfaces. It applies to child-occupied facilities such as schools and day-care centers built prior to 1978.

“Renovation” is broadly defined as any activity that disturbs painted surfaces and includes most repair, remodeling, and maintenance activities, including window replacement.

The District has implemented this policy to identify, inspect, control, maintain and improve the handling of lead related issues across the district facilities and grounds. In an effort to reduce potential hazards, the District through training has put together maintenance programs that will not only better protect the environment, but the students and employees of the District as well.

The District’s Lead Renovation Policy shall apply too not only employees of the maintenance department but to outside contractors as well. No outside painting contractor will be permitted to work for the District after April 22, 2010 unless they can show proof of training relative to lead renovation or maintenance from an accredited training institution.

Information Distribution Requirements

No more than 60 days before beginning renovation activities in any school facility of the District, the company performing the renovation must:

1. Provide the Superintendent with EPA pamphlet titled *Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools*.
2. Obtain, from the District, a written acknowledgement that the District has received the pamphlet.
3. Provide the parents and guardians of children using the facility with the pamphlet and information describing the general nature and locations of the renovation and the anticipated completion date by complying with one of the following:

- (i) Mail or hand-deliver the pamphlet and the renovation information to each parent or guardian of a child using the child-occupied facility. The School District will also include information about how parents and guardians may choose to receive the pamphlet via email in a consent and enrollment form.

1 (ii) While the renovation is ongoing, post informational signs describing the  
2 general nature and locations of the renovation and the anticipated completion  
3 date. These signs must be posted in areas where they can be seen by the parents or  
4

8 guardians of the children frequenting the child-occupied facility. The signs must  
9 be accompanied by a posted copy of the pamphlet or information on how  
10 interested parents or guardians can review a copy of the pamphlet or obtain a copy  
11 from the renovation firm at no cost to the parents or guardians.

- 12 4. The renovation company must prepare, sign, and date a statement describing the steps  
13 performed to notify all parents and guardians of the intended renovation activities and to  
14 provide the pamphlet.  
15

16 Recordkeeping Requirements \*  
17

18 All documents must be retained for three (3) years following the completion of a renovation.

- 19 • Records that must be retained include:  
20 • Reports certifying that lead-based paint is not present.  
21 • Records relating to the distribution of the lead pamphlet.  
22 • Documentation of compliance with the requirements of the Lead-Based Paint  
23 Renovation, Repair, and Painting Program.  
24

25 *\*Note: The MTSBA recommends that districts follow the same record retention schedule as they*
