School Improvement Funds

Comprehensive Support & Improvement Schools receive funding to support academic and systems change. As part of the schools' continuous improvement cycle, improvement strategies are tailored to the specific needs of the students, schools, and community. The ESSA Plan requires that these schools identify the specific strategies for which funds were used. Comprehensive Schools receiving school improvement funds were identified in 2018. Funds were used to implement strategies in 2018-2019.
